<p>looked at are regarding updates: some policy changes that are underway; an update from Finance that there will be a finance training session for Board members in April. There was a presentation on the new Strategic Planning Process for the development of the new Strategic Plan; expect that to start rolling out in the next while via Thought Exchange. If EdCo is interested in a presentation that can be arranged. Lane reminded Council that the Board approved the current Strategic Plan to stay in place until the new Strategic Plan is developed. The expectation is for the new Strategic Plan to be ready for implementation next September.</p>	<p>Mojeed Ramirez</p>

G. COMMITTEE REPORTS

<p>Education Council Policy and Standards Committee</p>	<p>Peter Moroney</p>
<p>Peter reported that the Committee met on March 7th; there was a good turnout. Puja Gupta has an interest in joining the Committee and attended the meeting as a guest. The first item discussed was the Education Approvals Policy package, with the ICC Terms of Reference being a part of that. There was the suggestion that other elements of the policy needed to be tightened up. The decision was to address those instead of pushing it forward. Feedback was received by the Committee and additional changes will be made before being brought to EdCo. The next policy looked at was a draft of the Final Exam policy. This is the tentative name for it; it has a longer name now due to feedback received from consultations about not making it so specific. There will be continued consultation on this policy before it will be brought to EdCo, hopefully before June.</p>
