- b. As a Camosun student, you qualify for a free Office 365 subscription. We will be using Word and Excel frequently in this course. Please see details at <http://camosun.ca/services/its/other-services.html>.
- c. Your computer hardware and software need to meet the minimum standards set by Camosun <http://camosun.ca/services/orientation/online-learning.html>. For D2L, it is recommended that you use Chrome as your browser. Note that you will need a laptop for the project. If you do not have one, you can borrow one from the library for 24 hours or one week – see details at <https://camosun.ca/services/library/borrow>

Textbook and other materials

- d. Textbook: *Accounting Principles, Volume 1, Ninth Canadian Edition, Weygandt et al 2022*. Please note that the textbook is needed in class. **Note: WileyPlus is not required**
- e. Simulation: (2023). *Lucia's Mystery Mansion Escapes: An Accounting Simulation*. Victoria, Canada: Camosun College. **ALL materials for the Simulation will be provided online.**
- f. Calculator: A non-programmable calculator is required. Texas Instruments BAII recommended, but not required. Cell phones cannot be used as calculators in the course.

In addition, on the course website, you will have access to the following optional, free open-source textbook: Annand, D. (n.d.). *Introduction to Financial Accounting, 3rd Edition*. Retrieved from BC Campus: <https://open.bccampus.ca/browse-our-collection/find-open-textbooks/?subject=Accounting>. This textbook reviews accounting with the assumption that the business is setup as a corporation, rather than a sole proprietorship as assumed in Acct 110. As a result, while much of it will be consistent with what we study in Acct 110, the discussion of equity accounts will differ throughout due to its corporation focus.

The solutions manuals for the textbooks are available on the course website.
