COURSE GUIDELINES & EXPECTATIONS

The evening version of Camosun courses are shorter in duration than the daytime classes. Because of this, evening classes are comprised of both synchronous and asynchronous content to compensate for the reduced time spent in class. The synchronous content includes two hours and fifty minutes of instruction per week and fifty minutes of asynchronous material. Students are therefore expected to access the asynchronously resources that are made available on the course D2L site and through the recommendations of the instructor to ensure that equivalent material is covered between the evening and day sections of this class.
