COURSE GUIDELINES & EXPECTATIONS

This is a fast-paced course and students are expected to be prepared for class. There will be handouts for each chapter that should be printed out and brought to class to work through. All work in this course must be your own work.

Chat GPT and other AI tools. During this course, you are going to be required to complete a number of written assignments. Can you use AI to complete this!? Maybe! If you choose to use AI to help with research for one of your written assignments, you must DISCLOSE that you have used it and indicate which portion of the text was prepared by AI versus prepared by you. Within your report, you must include a discussion on WHY you used Chat GPT, how it helped you, and what areas it left out. Did you make any edits to what it gave you? **If I find that Chat GPT has been used and not disclosed, even when permitted, academic integrity penalties will be applied. AI is not appropriate in response to debrief questions, assignments, or reflections on self-learning, and cannot be used in exams.**
