COURSE GUIDELINES & EXPECTATIONS

Cell Phones

Cell phones are not permitted in lecture or lab. The only exception to this is the simulation of 911 calls during scenario simulations in lab.

Class / Lab Participation & Expectations of Conduct

Students participate in role-playing activities to practice skills on each other. Please be aware that learning what the human body feels like in a healthy condition is important when it comes to recognizing unhealthy or injured states. In the course of learning to do assessments, students will need to be palpating other students on a regular basis. Students must refrain from any inappropriate touching. Students with concerns are to speak to the instructor prior to the beginning of the course or as it arises during the semester. There can be no exception to this participation.

Students will maintain optimum levels of safe behavior (personal hygiene, decontamination of personal protective equipment, care with lifts and use of proper body mechanics, etc.) with a minimization of potential for disease transmission.

Students must come appropriately dressed to allow for hands on application / demonstration of emergency care techniques.

Low cut shirts, pants / shorts that expose underwear, and flip flop sandals are NOT acceptable dress for labs. Students should expect that any lab may be conducted outdoors, regardless of weather, to simulate real-life working conditions.

Students that do not come prepared to actively participate (appropriate dress, fanny pack, etc.) in labs may be asked to leave.

Attendance

Research shows a strong correlation with class attendance and academic success. Given the practical nature of this course, and the need to understand the theory utilized during the labs, attendance at lectures is strongly encouraged.

Given that completion of the skills checklist is a requirement for the Red Cross Professional Responder Certification, lab attendance will be taken.

For any of the below, it is required that students contact the instructor.

An excused absence includes:

- a) Medical certificate
- b) Bonafide intercollegiate trip with supporting documentation.
- c) Permission of instructor prior to absence.
- d) Compassionate reasons.

“Make up” assignments and / or exams will be different than the original. All other reasons are unexcused and will not be accommodated for. Students will not receive the associated marks. Students are to be present for the scheduled exam and assignment due dates.

STUDENT RESPONSIBILITY

Enrolment at Camosun assumes that the student will become a responsible member of the College community. As such, each student will display a positive work ethic, assist in the preservation of College property, and assume responsibility for their education by researching academic requirements and policies; demonstrating courtesy and respect toward others; and respecting expectations concerning attendance, assignments, deadlines, and appointments.
