COURSE GUIDELINES & EXPECTATIONS

Cell Phones

Cell phones are not permitted in lecture or lab.

Class / Lab Participation & Expectations of Conduct

Students participate in role-playing activities to practice skills on each other. Please be aware that learning what the human body feels like in a healthy condition is important when it comes to recognizing unhealthy or injured states. In the course of learning to do assessments, students will need to be palpating other students on a regular basis. Students must refrain from any inappropriate touching. Students with concerns are to speak to the instructor prior to the beginning of the course or as it arises during the semester. There can be no exception to this participation.

Students will maintain optimum levels of safe behavior (personal hygiene, decontamination of personal protective equipment, care with lifts and use of proper body mechanics, etc.) with a minimization of potential for disease transmission.

Students must come appropriately dressed to allow for hands on application / demonstration of emergency care techniques.

Low cut shirts, pants / shorts that expose underwear, and flip flop sandals are NOT acceptable dress for labs.

Attendance

Research shows a strong correlation with class attendance and academic success. Given the practical nature of this course, and the need to understand the theory utilized during the labs, attendance at lectures is strongly encouraged.

Given that completion of the skills checklist is a requirement for the Red Cross Professional Responder Certification, lab attendance will be taken.

Missed gradable related submissions: Students who miss written or practical exams may be allowed to write a deferred or “make up” exam. These “make up” exams will be different from the original.

Excused absences may include:

- Permission by course instructor prior to absence
- Compassionate reasons
- Sickness

A student who does not speak to the instructor regarding a possible excused absent PRIOR to the start of the assessment will receive a zero. In this instance, a “make up” exam request will be denied.
