Your instructor will provide information on purchasing options in the first week of class. Note that the Camosun Bookstore currently has the best price for MyITLab access codes. Students may choose to purchase *only* the MyITLab access code without the physical textbook or

viceversa, however if you purchase/obtain a *used* physical text, the access code will no longer be valid so in that case you would still need to purchase a new MyITLab access code separately.

- a. **REQUIRED:** A recent PC (not Mac) that includes audio, reliable internet, and MS Office Suite (2019) or newer installed. All required software is normally provided on campus in the Camosun computer labs. For home, you will need to *download and install* MS Office Suite (2019) or newer by first registering for Camosun's free Office 365 for students (<http://camosun.ca/office365>) and then installing the *downloadable* versions of PowerPoint, Word, Excel, and Access. If you are using your own copy of MS Office 2019 **it is the students' responsibility to ensure in advance that it includes MS Access**, which is required for the database portion of this course and **does not exist for Mac**.
- b. **REQUIRED:** MyITLab Access Code (includes full online version of textbook) purchased from Camosun Bookstore: ISBN 9780135402467
https://www.camosuncollegebookstore.ca/buy_access_codes.asp
- c. **OPTIONAL:** Physical Text (includes access code if new, not used): Poatsy, et.al.
Exploring Microsoft Office 2019 Introductory (Volume 1). 2020 – Pearson, ISBN 9780135768907
