COURSE GUIDELINES & EXPECTATIONS

Quizzes: There will be 10 quizzes during the term. These will be done online using D2L. You have three attempts and unlimited time for each quiz and only your best score will be used for your grade. Your lowest two quiz scores will be dropped and the remaining quizzes will count equally toward your final grade. This allows you to miss a quiz when sick and still not impact your final grade.

Please note that it is your responsibility to ensure that your computer is properly set up to work with D2L. No allowance will be made for quizzes that could not be completed due to computer issues.

Exams: The exams consist of a combination of short-answer and long-answer questions. The midterms are not cumulative; however, the final exam is. Students are allowed one hand-written 8½ x 11 sheet (**one sided**) on which to place any information they feel will help them to write the exam. Typically, this would be formulae and examples from class. The sheet must be hand written and you may be required to hand it in with your exam.

Cell phones, PDAs or similar devices are not permitted during exams. Students found with these devices will receive a score of zero on the exam. The final exam will be scheduled during the final exam period. The final exam is cumulative.
