### D2L Quizzes

The quizzes are administered through D2L and the due dates are posted there for your reference. You have unlimited attempts and unlimited time to complete each quiz, from which only your best score will count. In general, each quiz will address a different statistical topic through multiple choice, true or false, or calculation questions. By the end of this course, you will have the opportunity to complete 10 quizzes, but only your best 9 quizzes will be retained for calculating your final grade.

### Exams

The exams are not cumulative – each exam will test your understanding of specific topics discussed in this course. Additional information regarding the exams will be discussed in class and made available on D2L at certain points during the term (week 5, week 10, and week 14).

- a) EXAM DATES WILL NOT BE RESCHEDULED. Non-attendance on scheduled exam dates results in a zero grade. Exceptions will be made only for medical reasons or extenuating circumstances that must be submitted and then accepted by the instructor. Please advise your instructor promptly.
- b) Students registered through the [Centre for Accessible Learning \(CAL\)](#) should discuss timelines with their instructors at the beginning of each semester.
