COURSE GUIDELINES & EXPECTATIONS

Assignments: All assignments and practice knowledge and skill must be accomplished and demonstrated at a grade level of “C+” or higher to receive a grade of COM (complete) as determined by your instructor to successfully pass this course.

Submit all assignments by due date. All assignment details can be found on D2L.

All assignments must be submitted by their deadlines to receive a grade of COM (complete).

Attendance: If a student is unable to attend a seminar class due to extenuating circumstances, such as illness or emergency, the student is responsible for notifying their instructor by email that day and submit a Missed Seminar Assignment (Due within one week of the missed seminar class).

Students who miss more than 2 seminar classes will have implications on their final grade.

Extensions: students can request extensions and negotiate revised due dates in writing (emailing instructor) or by arranging an in-person meeting with your instructor prior to the assignment due date. Extensions are granted at the discretion of the instructor.

Students with a Letter of Accommodation from the Centre for Accessible Learning (CAL) must communicate this with the instructor at the beginning of the semester or once they have received their letter. The student is responsible for requesting any/all extensions and negotiating revised due dates in writing (emailing instructor) or by arranging an in-person meeting with your instructor prior to the assignment due date. Extensions are granted at the discretion of the instructor.

Seminar Class and Observations: Attendance and Participation is required for all seminar classes and planned observations to successfully complete this course.

Each week, we will focus seminar and discussions on current issues emerging from the learning outcomes for the course and experiences in the observations. You will receive instructions on seminar preparation and class discussion requirements, when needed, for the following week’s seminar, at the beginning of the week or at the end of the seminar class.

You will be in the community for observations. You will need to be prepared to be outdoors in all weather (have layers, waterproof and warm gear—whatever is required to keep you comfortable). Let your instructor know if you have any allergies or considerations for your community placement.

Participation expectations:

- Consistent attendance with pre-class preparation, including completing assigned readings, activities, and assignments by due dates.
- No use of cell phones or laptops unless prompted by instructor for a class activity.
- Contributing to small and large group discussions.
- Effective interpersonal communication skills including with peers, instructors, and guests; active listening; culturally aware and respectful dialogue; professional and constructive comments.
- Ongoing communication with the instructor, as needed.
- Observation sites with planned/unplanned program closures: Students are responsible for communicating any closures that are on a scheduled observation day and work with their instructor to adjust their schedule as needed to ensure they are meeting course required hours.

Absence: If a student is unable to attend a scheduled observation due to extenuating circumstances, such as illness or emergency:

Step 1: The student is responsible for notifying both the observation site and their instructor in the morning prior to their visit. (Instructor should be notified by email. Each observation site may have a preference of either phoning or emailing, and students should make this plan with them, and follow accordingly).

Step 2: After notifying your instructor of your absence/missed hours, within one week, student will connect with their instructor to plan collaboratively the best way to make up a missed visit or missed hours.
