STUDENT RESPONSIBILITY

Enrolment at Camosun assumes that the student will become a responsible member of the College community. As such, each student will display a positive work ethic, assist in the preservation of College property, and assume responsibility for their education by researching academic requirements and policies; demonstrating courtesy and respect toward others; and respecting expectations concerning attendance, assignments, deadlines, and appointments.

IN THE LAB – Students are responsible for sanitizing their workspace prior to AND after the class. Lab cleanup begins **15 minutes before the end of the class**. Cleaning provisions will be supplied by Camosun where necessary.

A portion of your mark will be based on your respect for the college equipment, the cleanliness of your workstation, your participation in the cleaning crew and the cleanliness of the floor around your work station.

Attendance is mandatory for all classroom/lab activities. It is the student’s responsibility to inform the instructor prior to being late or missing a class, or as soon as possible. Arriving late to class will result in a 20% demerit for any work graded that day.

Professionalism: “the skill, good judgment, and polite behavior that is expected from a person who is trained to do a job well” (Merriam Webster online). Students will be evaluated on the above as well as their ability to work well in a team.

Assignments and/or Quizzes are based on the lecture topics and hands on lab exercises.

Please note the following:

1. A grade of 60% or more is required in all assessment items above to pass the course or to use this course to qualify as a prerequisite.
2. No late materials will be accepted past midnight of the last day of the course.
3. No opportunity will be available to write missed quizzes.
4. All late course material is reduced in mark by 50% and then an additional 10% per day
