### E. Hours Available for Department Meetings and Meetings with Colleagues

<b>Days</b>	<b>Times</b>
Fridays	mornings or early afternoons

### F: Non Teaching Assignment

<b>Name of Assignment</b>	<b>Comments</b>

The information from Sections A-D should form the information that is posted for student accessibility. Section E is to be used to determine departmental meeting access and schedules. A rigid schedule is not expected. The intention is that we develop a common understanding of faculty availability for students, departments, and college events. It is expected that the totals of these categories will equal 37.5 hours per week for a 100% workload. It is understood that there will be some fluctuation of weekly hours.
