## Additional Expectations

### Guidelines for Preparing and Submitting Written Assignments

All formal written assignments for this course should be typed according to the assignment requirements. All papers should be clearly marked with your team's name and each member's name and submitted on time, **as a PDF**, through D2L Assignments.

**Late and Missing Assignments** – Late assignments submitted up to 5 school days past the due date, will lose 10%, and will receive a grade only (no comments). Assignments submitted more than five days late will lose 40%. If you must hand in something late, please communicate with me by email beforehand. Requests for extensions made prior to the assignment due date will be considered on a case-by-case basis.

**For Your Records** – Be sure to keep all rough drafts, final drafts and graded assignments until the end of term. In the event of a computer failure or a grade discrepancy, these documents will be critical. Always, always back up your files.

**Collaborative Writing** – In this course, you will be co-authoring all of your documents. Any sort of collaborative effort demands a lot of those involved. Consider your strengths and weaknesses as a team member, and ensure you put in your best effort while accomplishing the tasks laid out for you in the assignments. Every team member shares responsibility for the work you submit.

### Plagiarism, Cheating, and AI-Based Writing Tools

Plagiarism is a serious academic offense. Please ensure you submit your own, original work.

Generative AI, like Chat GPT, may NOT be used to compose writing assignments in ENGL 273; our course learning outcomes require individual (human) thought and application through all stages of the writing process. You may use AI-based writing tools for practice and learning, but any work you generate with these tools must NOT be submitted for grading. Work that contains hallmarks of AI-generated text may be run through AI detection software (though the results will only be used to support other existing evidence—they will not be considered conclusive on their own). Since submitting work that is all or partially composed by generative AI is a form of academic misconduct, the related assignment will receive a grade of zero and may elicit further consequences. Please review Camosun's policies on academic honesty and plagiarism, which you can find here: <http://camosun.ca/learn/school/arts-science/images/Arts%20and%20Science%20Academic%20Honesty%20Guidelines.pdf>.

**Attendance and Participation** – Course credit is granted through a contract process. Part of your end of this contract requires attendance and participation in all course classes and assignments. Poor attendance and participation can compromise completion of this contract or the grades received from this contract.

Your instructor will evaluate your level of participation, as well as your class attendance. Participation activities will include class discussions and team meetings with your English instructor. These brief meetings will allow your instructor to answer questions and provide feedback on drafts. All members of the team are expected to be present at these meetings; members who are not present will lose participation marks.

Poor participation can affect your grades in two ways: 1) As a natural consequence through poor performance on assignments due to class work missed, and 2) Through penalty for chronic non-participation, such as absence from group meetings with the instructor or failure to participate in group presentations. This penalty can result in a letter grade drop.

It is your responsibility to know the material covered in class and to complete the assignments due. If you have difficulty accessing course materials or assignments, let your instructor know well in advance of the due date.

## STUDENT RESPONSIBILITY

---

Enrolment at Camosun assumes that the student will become a responsible member of the College community. As such, each student will display a positive work ethic, assist in the preservation of College property, and assume responsibility for their education by researching academic requirements and policies; demonstrating courtesy and respect toward others; and respecting expectations concerning attendance, assignments, deadlines, and appointments.
