COURSE GUIDELINES & EXPECTATIONS

Attendance: Students are expected to attend all classes, labs, and exams. While abbreviated lecture slides and other resources are available through D2L, it is impossible to duplicate the learning that occurs through discussion and interactions in the classroom. Students are responsible for getting their own notes from class as well as information pertaining to changes in the course outline, readings, assignments, and information pertaining to any tests or exams.

Missed Quizzes or Exams: Quizzes will remain open on D2L for a set period of time and must be written by the deadline scheduled on D2L. Any quizzes scheduled face to face must be written on the date scheduled. If a student is unable to write an exam through no fault of their own for medical or other reasons, valid documentation must be provided and/or discussed with the instructor. If a student who is absent has not made arrangements with the instructor in advance, a zero grade will be assigned. Final Exams may be scheduled at any time during the final exam block; therefore, students should avoid making travel plans, professional or personal commitments for the duration of the exam period.

Late assignments: Late assignments will not be accepted in this class. If a student expects to be absent on the day an assignment is due, arrangements must be made to hand in the assignment early or have it submitted to the D2L assignment folder by the date it is due.

Office hours: While office hours are noted on the course outline, students are free to make an appointment with their instructor at a time that is mutually convenient. Another option is to email your question if it is brief. If it is impossible to reply with a brief response (due to the nature of the question), then you will be asked to make an appointment. Your instructor will respond to emails as quickly as possible, however, please keep in mind that this reply may be delayed when the instructor is involved with other courses or if it is outside of work hours.

STUDENT RESPONSIBILITY

Enrolment at Camosun assumes that the student will become a responsible member of the College community. As such, each student will display a positive work ethic, assist in the preservation of College property, and assume responsibility for their education by researching academic requirements and policies; demonstrating courtesy and respect toward others; and respecting expectations concerning attendance, assignments, deadlines, and appointments.
