## COURSE GUIDELINES & EXPECTATIONS

---

Attendance: Students are expected to attend all classes, labs, and exams. Students are responsible for getting their own notes from class as well as information pertaining to changes in the course outline, readings, assignments, and information pertaining to any tests or exams. Lab attendance is mandatory unless you have a medical reason for missing it, in which case you should email the instructor ahead of time to make note of your reason for missing class. Failure to attend the laboratory component could result in failure of the course.

An excused absence includes:

- a) a medical certificate
- b) an intercollegiate trip
- c) permission of instructor prior to absence
- d) compassionate reasons
- e) signs & symptoms of COVID-19

Absences from Campus due to COVID-19:

If a student is feeling unwell, they should inform their instructor that they will be unable to participate in any in-person classes. Where possible, alternative means of participating in the learning will be arranged. Students will not be academically penalized for such absences.

Missed Exams: Exams must be written on the date scheduled. If a student is unable to write an exam through no fault of their own for medical or other reasons, valid documentation must be provided and discussed with the instructor. If a student who is absent has not made arrangements with the instructor in advance, he or she will receive a zero. Final Exams may be scheduled at any time during the final exam block; therefore, students should avoid making travel plans, professional or personal commitments for the duration of the exam period.

### Due Dates and Late Assignments

The due dates are established in accordance with the course and term duration. The purpose of the due dates is to help both you and I to get the assignments done so that they can be assessed in a timely manner. Just as you need time to complete the assignments, I need enough time to grade them. As such, the due dates are fixed (unless you have an approved academic accommodation through CAL) and it is expected that students will hand in assignments on time. Assignment marks, comments, and feedback will be returned to students in a timely manner, usually within 1-3 weeks, depending on the length of the assignment.

All assignments must be handed in by the time indicated (on the assignment, or on D2L). Late assignments may be graded but marks equivalent to 10% of the total value of the assignment will be deducted for each day, inclusive of days on the weekend, past the deadline. If assignments have already been marked and returned, a late assignment will not be accepted. Assignments will not be accepted that are late more than three days, inclusive of days over the weekend.

### Exam Procedures

All exams must be written at the scheduled times with the exception of students requiring an accommodation by CAL. It is understood that emergency circumstances do occur (e.g. severe illness or family emergency); for such circumstances accommodation may be offered at the discretion of the instructor, provided the student:

- notifies the instructor in advance of the exam (not after), and
- provides documented evidence of the circumstance (e.g. medical certificate).

If you have a concern about a grade you have received for an evaluation, please come and see me as soon as possible. Refer to the Grade Review and Appeals policy for more information.

Please note: the use of cell phones during a test or quiz is not allowed and may result in a zero for that assessment.

### SCHOOL OR DEPARTMENTAL INFORMATION

#### ACTIVITY COURSE ATTENDANCE POLICY

The CSEE is committed to ensuring instructional effectiveness and academic success for all students. The applied nature of all of our programs requires a strong linkage between the theoretical components and the applied components, regardless of method of delivery. The single most important factor associated with skill development and competency is class attendance and structured participation. Students are expected to be at class on time, every time. Students are expected to attend EVERY class.

The Centre for Sport & Exercise Education policy for SFL 335 courses is as follows:

Students must attend a minimum of 80% of the classes to receive a passing grade in the course.

- This includes any and all excused or unexcused absences. Field Trips, Camosun Athletic sponsored trips, other sanctioned academic activities, medical / health or family related absences are all considered as an absence.
- 80% attendance equates to approximately 6 absences in the term for these courses that run two times per week for 14 weeks.
- If students attend and participate in 80% of the classes or higher there is no impact on their grade in regard to an attendance grade penalty.

### STUDENT RESPONSIBILITY

---

Enrolment at Camosun assumes that the student will become a responsible member of the College community. As such, each student will display a positive work ethic, assist in the preservation of College property, and assume responsibility for their education by researching academic requirements and policies; demonstrating courtesy and respect toward others; and respecting expectations concerning attendance, assignments, deadlines, and appointments.
