

# COURSE SYLLABUS

COURSE TITLE: Math 057 Math for Electrical Trades

CLASS SECTION: Math DS03

TERM: S2024

COURSE CREDITS: 0

Camosun College campuses are located on the traditional territories of the Lək̓ʷəŋən and W̱SÁNEĆ peoples. We acknowledge their welcome and graciousness to the students who seek knowledge here. Learn more about Camosun's [Territorial Acknowledgement](#).

**DELIVERY METHOD(S): Online**

The COVID-19 pandemic has presented many challenges, and Camosun College is committed to helping you safely complete your education. Following guidelines from the Provincial Health Officer, WorkSafe BC, and the B.C. Government to ensure the health and wellbeing of students and employees, Camosun College is providing you with every possible protection to keep you safe. Our measures include COVID Training for students and employees, health checks, infection control protocols including sanitization of spaces, PPE and ensuring physical distancing. For details on these precautions please follow this link: <http://camosun.ca/covid19/fag/covid-faqs-students.html>. However, if you're at all uncomfortable being on campus, please share your concerns with your Instructor. If needed, alternatives will be discussed.

---

*Camosun College requires mandatory attendance for the first class meeting of each course. If you do not attend, and do not provide your instructor with a reasonable explanation in advance, you will be removed from the course and the space offered to the next waitlisted student.*

## INSTRUCTOR DETAILS

NAME: Jean-Marc (JM) Miszaniec

EMAIL: [MiszaniecJ@camosun.bc.ca](mailto:MiszaniecJ@camosun.bc.ca)

OFFICE: CBA 117

HOURS: By appointment

---

## CALENDAR DESCRIPTION

This course covers the algebra from [MATH 053](#) plus modules on trigonometry and vectors, which provides the skills required for further study in Electrical ELT, advanced-level mathematics, and any course or program that requires Math 10. Topics: real numbers, algebraic expressions, equations, inequalities, graphing, polynomials, trigonometry, and vectors.

## Prerequisite

- C in [MATH 052](#)

At the end of the course, students will be able to:

1. use mathematics at an ABE Intermediate level with competence
  2. demonstrate knowledge and skills in using the language, principles, and operations of introductory algebra and trigonometry
  3. apply a variety of strategies in solving math-related problems
  4. apply knowledge and skills in introductory algebra and trigonometry to solve problems
  5. use knowledge of introductory algebra and trigonometry as a basis for further study in the Electrical ELT program, Advanced-level mathematics, and other courses and programs
- The course consists of 6 hours of class time and 4 hours of lab time per week.
    - Lab time includes but is not limited to tutorials with an instructor and/or instructional assistants and,
    - using the instructional resources in the Help Centre and library, which may be in-person or virtually.

REQUIRED MATERIALS & RECOMMENDED PREPARATION / INFORMATION

---

- (a) textbook: *Developmental Mathematics*, Custom Edition for Camosun College, Marvin Bittinger/Judith Beecher (Content taken from the 9<sup>th</sup> Edition of *Developmental Mathematics* by the same authors)
- (b) [Unit R Arithmetic Review booklet](#)
- (c) module: [Trigonometry](#) (*ABE Intermediate Mathematics* module 14), British Columbia
- (d) module: [Vectors](#) (Camosun College)
- (d) [scientific calculator](#) (Sharp EL-531X or EL-531W for next level MATH 075/077)

*Supplementary Materials*

- (e) *Student's Solutions Manual*, Judith Penna  
(available for reference in the classroom)
- (f) *Instructor's Solutions Manual*, Judith Penna (for reference in the classroom)
- (g) additional math 057 materials can be found here: <https://acfmth.opened.ca/>.
- (h) website <https://mlm.pearson.com/northamerica/mymathlab/> (online text, tutorials, videos, and testing)

COURSE SCHEDULE, TOPICS, AND ASSOCIATED PREPARATION / ACTIVITY / EVALUATION

---

*Self-paced Instructions*

- (a) before starting unit 1, students must pass a competency test to demonstrate that they can add, subtract, multiply, and divide whole numbers, fractions, and decimals without the use of a calculator (calculators are not allowed for parts of MATH 072 and 172) – use the Arithmetic Review booklet to review these operations before writing the competency test
- (b) for each section of the 057 text listed in the table below, read the explanations, study the Examples, do the Margin Exercises, and then work through and check all or at least some of the more difficult odd-numbered problems in the Exercise Set
- (c) note that unit 4 includes text chapter 10, 11.1, & 11.2, and a supplement on exponents
- (d) to prepare for the final test for each unit, do the Summary and Review Exercises and write the Chapter Test at the end of the chapter, and correct all of your errors

- (e) review your final test results with the instructor, and proceed to the next unit if you score 75% or better, or rewrite the final test if you score less than 75% (all test scores count)

| <b>MATH 057 course content</b> |   |  |
|--------------------------------|---|--|
|                                | <i>Unit R – Arithmetic Review (no calculator)</i>   |  |
| R.1                            | Place value   |  |
| R.2                            | Comparing numbers   |  |
| R.3                            | Rounding numbers  |  |
| R.4                            | Adding and subtracting whole numbers and decimals   |  |
| R.5                            | Multiplying whole numbers and decimals  |  |
| R.6                            | Dividing whole numbers and decimals   |  |
| R.7                            | Order of operations   |  |
| R.8                            | Operations with fractions   |  |
| R.9                            | Equivalent fractions  |  |
| R.10                           | Adding and subtracting fractions  |  |
| R.11                           | Multiplying fractions   |  |
| R.12                           | Dividing fractions  |  |
| R.13                           | Converting fractions and decimals   |  |
| R.14                           | Estimation  |  |
|                                | Practice Test   |  |
|                                | Unit R final test (no calculator)   |  |
|                                |   |  |
|                                | <i>Unit 1 – Real Numbers and Algebraic Expressions</i><br>(for 4-month completion: 20 days) |  |
| 7.1                            | Introduction to algebra   |  |
| 7.2                            | The real numbers  |  |
| 7.3                            | Addition of real numbers  |  |
| 7.4                            | Subtraction of real numbers   |  |
| 7.5                            | Multiplication of real numbers  |  |
| 7.6                            | Division of real numbers  |  |
| 7.7                            | Properties of real numbers  |  |
| 7.8                            | Simplifying expressions; order of operations  |  |
|                                | Summary and review  |  |
|                                | Chapter test  |  |
|                                | Unit 1 final test   |  |
|                                |   |  |
|                                | <i>Unit 2 – Solving Equations and Inequalities</i> (30 days)                                |  |
| 8.1                            | Solving equations: the addition principle   |  |
| 8.2                            | Solving equations: the multiplication principle   |  |
| 8.3                            | Using the principles together   |  |
| 8.4                            | Formulas  |  |
| 8.5                            | Applications of percent   |  |
| 8.6                            | Applications and problem solving  |  |
| 8.7                            | Solving inequalities  |  |
| 8.8                            | Applications and problem solving with inequalities  |  |
|                                | Summary and review  |  |
|                                | Chapter test  |  |
|                                | Unit 2 final test   |  |
|                                |   |  |
|                                | <i>Unit 3 – Graphs of Linear Equations</i> (22 days)  |  |
| 9.1                            | Graphs and applications of linear equations   |  |
| 9.2                            | More with graphing and intercepts   |  |
| 9.3                            | Slope and applications  |  |
|                                | Summary and review  |  |

|        |  |         |
|--------|--|---------|
|        | Chapter test   |         |
|        | Unit 3 final test  |         |
|        |  |         |
|        | <i>Unit 4 – Polynomials: Operations and Factoring</i> (28 days)    |         |
| 10.1*  | Integers as exponents  |         |
| 10.2*  | Exponents and scientific notation                                  |         |
|        | *after 10.2, complete supplementary exercises on exponents (#1-25) |         |
| 10.3   | Introduction to polynomials  |         |
| 10.4   | Addition and subtraction of polynomials                            |         |
| 10.5   | Multiplication of polynomials                                      |         |
| 10.6   | Special products   |         |
| 10.7   | Operations with polynomials in several variables                   |         |
| 10.8a  | Division of polynomials by a monomial                              |         |
| 11.1ab | Introduction to common factoring                                   |         |
| 11.2   | Factoring trinomials of the type $x^2 + bx + c$                    |         |
| 11.5cd | Factoring difference of squares                                    |         |
|        | Summary and review   |         |
|        | Chapter test   |         |
|        | Unit 4 final test  |         |
|        |  |         |
|        | MATH 053 review  |         |
|        | MATH 053 final exam  | day 105 |
|        |  |         |
|        | <i>Unit 5 – Trigonometry (supplementary module)</i> (25 days)      |         |
| 5.1    | The right triangle   |         |
| 5.2    | Angles and sides   |         |
| 5.3    | The Pythagorean theorem (more in 7e text p 1059, 8e text p 1087)   |         |
| 5.4    | The tangent ratio  |         |
| 5.5    | Using the tangent ratio  |         |
| 5.6    | The sine and cosine ratios   |         |
| 5.7    | Solving triangles  |         |
|        | Practice test  |         |
|        | Unit 5 final test  |         |
|        |  |         |
|        | <i>Unit 6 – Vectors (supplementary module)</i>                     |         |
| p 10   | Problem Sets   |         |
|        | Vectors Final Test   | day 130 |

Students registered with the Centre for Accessible Learning (CAL) who complete quizzes, tests, and exams with academic accommodations have booking procedures and deadlines with CAL where advanced notice is required. Deadlines can be reviewed on the [CAL exams page](http://camosun.ca/services/accessible-learning/exams.html). <http://camosun.ca/services/accessible-learning/exams.html>

## EVALUATION OF LEARNING

- (a) **Tests** 75% of the course grade is based on the average of **all** unit final test scores for units 1–6 (including both passing and failing test scores)

A– 80–84%    B– 70–72%    IP    in progress

### *Temporary Grades*

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy at

<http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.5.pdf>

for information on conversion to final grades, and for additional information on student record and transcript notations.

## STUDENT RESPONSIBILITY

---

Enrolment at Camosun assumes that the student will become a responsible member of the College community. As such, each student will display a positive work ethic, assist in the preservation of College property, and assume responsibility for their education by researching academic requirements and policies; demonstrating courtesy and respect toward others; and respecting expectations concerning attendance, assignments, deadlines, and appointments.

## SUPPORTS AND SERVICES FOR STUDENTS

---

Camosun College offers a number of services to help you succeed in and out of the classroom. For a detailed overview of the supports and services visit <http://camosun.ca/students/>.

If you have a mental health concern, please contact Counselling to arrange an appointment as soon as possible. Counselling sessions are available at both campuses during business hours. If you need urgent support after-hours, please contact the Vancouver Island Crisis Line at 1-888-494-3888 or call 911.

## COLLEGE-WIDE POLICIES, PROCEDURES, REQUIREMENTS, AND STANDARDS

---

### Academic Accommodations for Students with Disabilities

The College is committed to providing appropriate and reasonable academic accommodations to students with disabilities (i.e. physical, depression, learning, etc). If you have a disability, the [Centre for Accessible Learning](#) (CAL) can help you document your needs, and where disability-related barriers to access in your courses exist, create an accommodation plan. By making a plan through CAL, you can ensure you have the appropriate academic accommodations you need without disclosing your diagnosis or condition to course instructors. Please visit the CAL website for contacts and to learn how to get started:

<http://camosun.ca/services/accessible-learning/>

### Academic Integrity

Please visit <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.13.pdf> for policy regarding academic expectations and details for addressing and resolving matters of academic misconduct.

### Academic Progress

Please visit <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.1.pdf> for further details on how Camosun College monitors students' academic progress and what steps can be taken if a student is at risk of not meeting the College's academic progress standards.

### Course Withdrawals Policy

Please visit <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.2.pdf> for further details about course withdrawals. For deadline for fees, course drop dates, and tuition refund, please visit <http://camosun.ca/learn/fees/#deadlines>.

### Grading Policy

Please visit <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.5.pdf> for further details about grading.

### Grade Review and Appeals

Please visit <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.14.pdf> for policy relating to requests for review and appeal of grades.

### Mandatory Attendance for First Class Meeting of Each Course

Camosun College requires mandatory attendance for the first class meeting of each course. If you do not attend, and do not provide your instructor with a reasonable reason in advance, you will be removed from the course and the space offered to the next waitlisted student. For more information, please see the “Attendance” section under “Registration Policies and Procedures” (<http://camosun.ca/learn/calendar/current/procedures.html>) and the Grading Policy at <http://camosun.ca/about/policies/education-academic/e-1-programming-and-instruction/e-1.5.pdf>.

### Medical / Compassionate Withdrawals

Students who are incapacitated and unable to complete or succeed in their studies by virtue of serious and demonstrated exceptional circumstances may be eligible for a medical/compassionate withdrawal. Please visit <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.8.pdf> to learn more about the process involved in a medical/compassionate withdrawal.

### Sexual Violence and Misconduct

Camosun is committed to creating a campus culture of safety, respect, and consent. Camosun’s Office of Student Support is responsible for offering support to students impacted by sexual violence. Regardless of when or where the sexual violence or misconduct occurred, students can access support at Camosun. The Office of Student Support will make sure students have a safe and private place to talk and will help them understand what supports are available and their options for next steps. The Office of Student Support respects a student’s right to choose what is right for them. For more information see Camosun’s Sexualized Violence and Misconduct Policy: <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.9.pdf> and [camosun.ca/sexual-violence](http://camosun.ca/sexual-violence). To contact the Office of Student Support: [oss@camosun.ca](mailto:oss@camosun.ca) or by phone: 250-370-3046 or 250-3703841

### Student Misconduct (Non-Academic)

Camosun College is committed to building the academic competency of all students, seeks to empower students to become agents of their own learning, and promotes academic belonging for everyone. Camosun also expects that all students to conduct themselves in a manner that contributes to a positive, supportive, and safe learning environment. Please review Camosun College’s Student Misconduct Policy at <http://camosun.ca/about/policies/education-academic/e-2-student-services-and-support/e-2.5.pdf> to understand the College’s expectations of academic integrity and student behavioural conduct.

**Changes to this Syllabus:** Every effort has been made to ensure that information in this syllabus is accurate at the time of publication. The College reserves the right to change courses if it becomes necessary so that course content remains relevant. In such cases, the instructor will give the students clear and timely notice of the changes.
