COURSE GUIDELINES & EXPECTATIONS

Classes

Classes will be comprised of lectures and experiential work. Material from the text and additional material related to current psychological issues and treatments will be examined. Experiential work includes discussions and activities. Attendance and participation are very important for learning. Classes take place Mondays: 12:30-2:30 and Wed 8:30-9:30

Attendance

Students are expected to attend all classes and be on time. If you miss a class, it is your responsibility to acquire all information given during that class, including notes, hand-outs, changed exam dates, announcements, etc.

Technology

Exams:

No electronic devices are allowed during exams. This includes, but is not limited to; computers, electronic dictionaries, electronic translators, cell phones, tablets, and other personal electronic devices.

Class:

Student's use of laptops/tablets in class is restricted to note taking. Students using their laptops/tablets for other purposes will have their laptop privileges revoked.

All cell phones must be turned off during class (Unless prior permission is obtained).

Students may not use recording devices in the classroom without prior permission of the instructor. Should permission for recordings be granted, these recordings are for the student's personal use only, and distribution of recorded material is prohibited.

Exam Procedures

All exams must be written at the scheduled times with the exception of students requiring an accommodation by CAL (Centre for Accessible Learning). It is understood that emergency circumstances do occur (e.g. severe illness or family emergency); for such circumstances accommodation may be offered at the discretion of the instructor, provided the student: a) notifies the instructor in advance of the exam (not after), and b) provides documented evidence of the circumstance (e.g. medical certificate).

If an exam is missed with an excused absence, it is up to the instructor's discretion as to how the mark will be made up.

Be sure not to make travel plans for the end of semester until the final exam schedules are finalized and posted. Please ask any family members who might make travel plans on your behalf to consult you before booking tickets.

Studying

You should plan on a weekly minimum of 6 hours outside of scheduled class time for the completion of readings, assignments, and for general studying.

Reviewing, filling out, and editing your lecture notes right after class is recommended.

Contact the instructor to clarify any confusing concepts.

Distributed studying has been proven to be far more effective than massed practice (cramming).

Testing yourself on the material (answering questions) is far superior to simply rereading notes/textbook.
