All tests and course assignment descriptions posted to D2L and in the D2L calendar.

1. **Tests (50%):** There will be four in-class tests covering text chapters, assigned readings, and lecture material. These tests will not be cumulative and comprised of multiple choice, matching, true/false, fill in the blank, and short answer questions. Make-ups for tests will only be arranged with the permission of the instructor prior to or on the test date. **Arrangements made after the test date will result in a 5% reduction in your grade on the test.**
2. **Research Papers (18% + 5% = 23%)**

Research Paper Proposal (5%): Students are asked to submit a research paper proposal that includes a thesis statement and at least 4 key research references (from the **last 10 years**) in order to provide an opportunity for instructor feedback and ensure that the research paper will meet APA research writing standards. Proposals will not exceed two and half pages double-spaced (excluding title page and references). See D2L for example research paper proposals. Students can submit this assignment earlier than the due date.

Research Paper (APA) (18%): A research paper gathers the most recent relevant information about a topic, organizes it and presents a critical summary of findings. This paper has a thesis. A typical topic would be the current state of theories or models of the cause of anti-social personality disorder. The paper would present research supporting models and would integrate understanding about the supporting evidence and provide a position or recommendation linked to thesis on this topic. This paper can be between eight and 10 pages long, exclusive of the title page and reference list. It needs to include “**several**” **sources (10 is required)**, primary sources (academic journals). The reference list should contain only sources actually used for the paper. See the Research Paper Guidelines in the D2L materials. Students can submit this assignment earlier than the due date.

No late assignments will be accepted without written granted permission. Requests for extensions need to occur prior to the due date. No granted extensions on due dates will be accepted.

Assignments not handed in by Nov. 24th will result in a 5% mark deduction for each day late.

3. **Team Presentations In-Seminar (1% + 14% = 15%)**

Team Presentation Outline (1%)

All teams will submit a detailed outline of planned presentation. This includes **all visuals and media clips** for instructor review. ***If this does not occur teams will not present on the assigned day and will receive a mark deduction up to 5%.*** Students can submit this assignment earlier than the due date.

Team Presentations (14%): You will be selecting a team of no more than 4 people and developing a short presentation of no more than 12 minutes (this includes question and answer time) on a crime topic that is both local (BC, Canada) and global (glocal) based on course material. See D2L for example presentation topics.

4. **D2L Chapter Practice Reviews & Assignments – (12%)** Most weeks, students will complete either a practice review quiz or an assignment on the chapter(s) we are working through. These questions and quizzes are designed to highlight key points from text and help prepare students for tests. Students are encouraged to use notes, text and course resources when writing these quizzes. Students will be provided time to access course practice reviews/assignments in seminar each week.

Instructor's NOTE about YOUR Final GRADE

1. Please think of every test, practice review quiz, and course assignment as your best opportunity to improve your grade. There are no additional assignments offered to increase grades in this course.
2. I reserve the right to ask you to resubmit work, or to show me extra material related to your work.

COURSE GUIDELINES & EXPECTATIONS

As mentioned above, course material will be posted to D2L throughout the semester. To be successful in this course, it is recommended that students **1)** attend lectures and seminar each week and preview any pre-recorded lecture clips; **2)** read chapters and posted lecture notes making additional notes from text; **3)** complete practice review quizzes/assignments for selected chapter; **4)** stay up to date with readings and course assignments by checking course News on D2L every couple of days; and **5)** use test study guides and lecture material to review and prepare for tests.
