- doing assigned homework and in-class work
- contributing to a positive learning environment
- turning off cell phones
- going to the Open Lab for extra help.

All students are strongly encouraged to attend Open Lab workshops. These workshops are included as part of the funding for those students who have received funding.

Attendance

Students are expected to attend class every day, participate in class discussions and group activities, complete assignments, and attend Open Lab.

If you are absent, you must email or leave a message with your teacher(s).

It is each student’s responsibility to attend the first class meeting of each course. If a student does not attend the first class and does not contact the instructor, an ELD instructional assistant or an international education advisor within two working days following the first class with a satisfactory explanation, admittance to the course may be denied.

If a student does not attend classes and does not officially withdraw (via Camlink or Student Services) prior to fee deadlines, he or she will be required to pay all outstanding fees, will receive no further service until the fees are paid and may receive an IP grade.

During the term, if a student misses one week of class(es) without official documentation, s/he will first talk with the instructor to resolve the problem. If no resolution can be made, then the student will meet with the Chair of the department who may recommend the following:

- counseling
- changing programs
- withdrawing
- discussing with an academic or an International Student Advisor

At the end of term, if a student has missed 50% of class after having received departmental support, a letter will be sent to the student’s local and permanent address regarding his or her absence in the course. A student with an attendance problem may not be allowed to register for the following term.

Students in any level who are receiving funding for their courses are expected to attend classes regularly. If the student is unable to attend classes, s/he is expected to contact his/her instructor(s) or an ELDD instructional assistant. Alternatively, official documentation is expected.

ACADEMIC PROGRESS REQUIREMENT

Progress

If a full-time student (25 hours per week) does not progress in the first attempt of a level, s/he will talk with the instructor to find ways to succeed. This may include counseling, getting help from the learning skills centre, or moving to a different program or institution.

If the full-time student does not progress in the second attempt at the same level, s/he may be put on probation for the following term.

You must meet the prerequisites of the next level in order to move on.

*Part-time students (12-15 hours per week) may require two or more semesters to complete a level.

There is an Academic Progress Policy designed to enhance a learner's likelihood of success. Students should become familiar with the content of this policy. The policy is available in each School Administration Office, Registration, and on the College web site in the Policy Section.
