

CAMOSUN COLLEGE
School of Access
Community Learning Partnerships Department

Camosun College campuses are located on the traditional territories of the Lkwungen and WSÁNEĆ peoples. We acknowledge their welcome and graciousness to the students who seek knowledge here.

Math 072 Advanced Mathematics 1
Summer 2019

COURSE OUTLINE

The calendar description is available on the web @ <http://camosun.ca/learn/calendar/current/web/math.html>

Ω Please note: This outline will not be kept indefinitely by Camosun College. It is recommended students keep this outline for their records, especially to assist in transfer credit to post-secondary institutions.

1. Instructor Information

(a) Instructor	Wendy Seward
(b) Office hours	By appointment
(c) Location	At Interurban campus
(d) Phone	Alternative: _____
(e) E-mail	sewardw@camosun.bc.ca
(f) Website	

2. Intended Learning Outcomes

Successful completion of Math 072 awards 4 credits.

Complete ABE Advanced Mathematics learning outcomes at ABE Articulation Handbook website https://www2.gov.bc.ca/assets/gov/education/post-secondary-education/adult-education/abe_guide.pdf (After completion of Math 072 and 073, students will meet the outcomes as identified in the 2017- 2018 Adult Basic Education Articulation Handbook)

On completion of the course, students will be able to:

1. Demonstrate basic numeracy skills by performing mathematical operations on real numbers including absolute value and exponents, with and without scientific calculators.
2. Read and write mathematics at an Adult Basic Education Advanced Level.
3. Solve linear equations and equations involving absolute value. Use formulas and solve formulas for a given variable. Solve linear and compound inequalities and express answers in both set and interval notation.
4. Determine whether or not relations are functions. Evaluate functions. Determine the functions (quadratic, reciprocal and absolute value) using a table of values.
5. Graph linear equations using a variety of strategies. Determine equations of lines given two points or the slope and a point. Model simple real-life problems that require linear equations (for example, finding the size of a fish growing at a fixed rate, determining the cost of a job involving fixed and variable costs).
6. Solve systems of linear equations in two variables by graphing, substitution, and elimination.
7. Determine whether expressions are polynomials. Classify polynomials by degree and type. Add, subtract and multiply polynomials. Factor polynomials completely using a variety of strategies.
8. Use the laws of exponents to simplify expressions containing rational exponents. Convert expressions between radical and exponential form.
9. Solve applied problems including those involving geometry, mixture and money (simple interest, investment, % discount, buying/selling).

Note: A grade of C+ or better is needed for Math 073, 142, 143, or 109. A grade of B or better is needed for Math 139.

3. Required Materials

- (a) Scientific calculator: The Sharp EL 531W model (or similar) will be the only calculator allowed for this course
- (b) Reliable access to the internet
- (c) Registration with MyMathLab: <http://www.pearsonmylabandmastering.com/northamerica/mathxl/students/get-registered/index.html> . Course ID will be available at start of term

4. Course Content and Schedule

The course is designed to be completed in one term. It can be completed sooner, depending on factors including your beginning level of math skills, motivation, learning rate, and how much time you can actually study (average 15 to 20 hours per week to complete in 4 months).

Contact your instructor to get permission to write the Final exam after you have completed all the Unit tests. The Final Exam must be written with an invigilator.

If you do not understand something, seek help right away. In addition to the online material, resources include your instructor, the Math Help Centres on campus, and your family and friends.

Math 072 course content				
Section	Topic	Suggested Time (Days)	Suggested Week (Dates)	Suggested Week
Unit R: Chapter R	Review of Basic Algebra			
	Pre-test	1	May 6 – 12	1
R.1	Set of Real Numbers	2	May 6 – 12	1
R.2	Operations with Real Numbers	2	May 6 – 12	1
R.3	Exponential Notation and Order of Operations	2	May 6 – 12	1
R.4	Introduction to Algebraic Expressions	2	May 13 - 19	2
R.5	Equivalent Algebraic Expressions	2	May 13 - 19	2
R.6	Simplifying Algebraic Expressions	2	May 13 - 19	2
R.7	Properties of Exponents and Scientific Notation	2	May 13 - 19	2, 3
	Post-test	2	May 20 - 26	3
	Unit R final test		May 20 - 26	3
Unit 1: Chapter 1	Solving Linear Equations and Inequalities			
	Pre-test	1	May 20 - 26	3
1.1	Solving Equations	2	May 20 - 26	3, 4
1.2	Formulas and Applications	2	May 27 – Jun 2	4
1.3	Applications and Problem Solving	2	May 27 – Jun 2	4
1.4	Sets, Inequalities, and Interval Notation	2	May 27 – Jun 2	4
1.5	Intersections, Unions, and Compound Inequalities	2	May 27 – Jun 2	4, 5
1.6 a-d	Absolute-Value Equations	3	Jun 3 – 9	5
	Post-test	2	Jun 3 – 9	5
	Unit 1 final test		Jun 3 – 9	5, 6
Unit 2: Chapter 2	Graphs, Functions, and Applications			
	Pre-test	1	Jun 10 – 16	6
2.1	Graphs of Equations	2	Jun 10 – 16	6
2.2	Functions and Graphs	1	Jun 10 – 16	6
2.3	Finding Domain and Range	2	Jun 10 – 16	6
2.4	Linear Functions: Graphs and Slope	2	Jun 17 - 23	7
2.5	More on Graphing Linear Equations	1	Jun 17 - 23	7
2.6	Finding Equations of Lines; Applications	3	Jun 17 - 23	7
	Post-test	2	Jun 17 - 23	7, 8
	Unit 2 final test		Jun 24 - 30	8
Unit 3: Chapter 3	Systems of Equations			
	Pre-test	1	Jun 24 - 30	8
3.1	Systems of Equations in Two Variables	2	Jun 24 - 30	8
3.2	Solving by Substitution	3	Jul 1 – 7	9
3.3	Solving by Elimination	3	Jul 1 – 7	9
3.4a	Solving Applied Problems	2	Jul 1 – 7	9, 10
3.7 ab	Systems of Inequalities in Two Variables	2	Jul 8 - 14	10
	Post-test	2	Jul 8 - 14	10
	Unit 3 final test		Jul 8 - 14	10
Unit 4: Chapter 4	Polynomials and Polynomial Functions			
	Pre-test	1	Jul 15 – 21	11
4.1	Introduction to Polynomials and Polynomial Functions	2	Jul 15 – 21	11
4.2	Multiplication of Polynomials	2	Jul 15 – 21	11
4.3	Introduction to Factoring	2	Jul 15 – 21	11
4.4	Factoring Trinomials: $x^2 + x +$	3	Jul 22 - 28	12
4.5	Factoring Trinomials: $x^2 + x +$	3	Jul 22 - 28	12
4.6	Special Factoring	3	Jul 22 - 28	12, 13
4.7	Factoring: A General Strategy	3	Jul 29 – Aug 4	13
	Post-test	2	Jul 29 – Aug 4	13
	Unit 4 final test		Aug 5 – 11	14
	Course Final pre-test			
	Course Final post-test		Aug 5 – 11	14
	Final Exam (cumulative)		Aug 13 – 15	

5. Basis of Student Assessment (Weighting)

Five Unit Exams worth 50% | Final Exam worth 50% (You **must** pass final to pass the course. You must write all the unit exams before attempting the final exam.)

Note: Students with a record of poor attendance OR poor progress may be restricted from re-registering in Community Learning Partnerships Department courses.

6. Grading System

(If any changes are made to this part, then the Approved Course description must also be changed and sent through the approval process.)

(Julk with "X" in box below to show appropriate approved grading system – see last page of this template.)

- Standard Grading System (GPA)
- Competency Based Grading System

7. Recommended Resources to Assist Students to Succeed Throughout the Course

Ask your course instructor FIRST and then you could also go to:
ACADEMIC UPGRADING HELP CENTRES (CBA 109 and E342)
<http://camosun.ca/services/help-centres/math.html>

There are many other Camosun services available to help you succeed in and out of the classroom, including education planning, learning and personal support, campus life, work and housing, and getting around. This information is available at Registration or the College web site <http://camosun.ca/services/>

8. College Supports, Services and Policies

Immediate, Urgent, or Emergency Support

If you or someone you know requires immediate, urgent, or emergency support (e.g. illness, injury, thoughts of suicide, sexual assault, etc.), **SEEK HELP**. Resource contacts @ <http://camosun.ca/about/mental-health/emergency.html> or <http://camosun.ca/services/sexual-violence/get-support.html#urgent>

College Services

Camosun offers a variety of health and academic support services, including counselling, dental, disability resource centre, help centre, learning skills, sexual violence support & education, library, and writing centre. For more information on each of these services, visit the **STUDENT SERVICES** link on the College website at <http://camosun.ca/>

College Policies

Camosun strives to provide clear, transparent, and easily accessible policies that exemplify the college's commitment to life-changing learning. It is the student's responsibility to become familiar with the content of College policies. Policies are available on the College website at <http://camosun.ca/about/policies/>. Education and academic policies include, but are not limited to, Academic Progress, Admission, Course Withdrawals, Standards for Awarding Credentials, Involuntary Health and Safety Leave of Absence, Prior Learning Assessment, Medical/Compassionate Withdrawal, Sexual Violence and Misconduct, Student Ancillary Fees, Student Appeals, Student Conduct, and Student Penalties and Fines.

A. GRADING SYSTEMS <http://www.camosun.bc.ca/policies/policies.php>

The following two grading systems are used at Camosun College:

1. Standard Grading System (GPA)

Percentage	Grade	Description	Grade Point Equivalency
90-100	A+		9
85-89	A		8
80-84	A-		7
77-79	B+		6
73-76	B		5
70-72	B-		4
65-69	C+		3
60-64	C		2
50-59	D		1
0-49	F	Minimum level has not been achieved.	0

2. Competency Based Grading System (Non GPA)

This grading system is based on satisfactory acquisition of defined skills or successful completion of the course learning outcomes

Grade	Description
COM	The student has met the goals, criteria, or competencies established for this course, practicum or field placement.
DST	The student has met and exceeded, above and beyond expectation, the goals, criteria, or competencies established for this course, practicum or field placement.
NC	The student has not met the goals, criteria or competencies established for this course, practicum or field placement.

B. Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy at <http://www.camosun.bc.ca/policies/E-1.5.pdf> for information on conversion to final grades, and for additional information on student record and transcript notations.

Temporary Grade	Description
I	<i>Incomplete</i> : A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.
IP	<i>In progress</i> : A temporary grade assigned for courses that are designed to have an anticipated enrollment that extends beyond one term. No more than two IP grades will be assigned for the same course.
CW	<i>Compulsory Withdrawal</i> : A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.
