4. Intended Learning Outcomes

ELD 034 Learning Outcomes

In this integrated skills course, non-native speakers continue to develop basic listening and speaking skills using limited vocabulary in familiar, non-demanding, well-supported contexts. Students can expect to progress from Canadian Language Benchmark 3 to 4. By the end of this course, students will be working at Canadian Language Benchmark 4.

Listening

- Respond to key words, common phrases and questions, and most short sentences in relatively short communication on topics of personal importance, spoken at a slow to normal rate with frequent support in non-demanding contexts.
 1. Understand simple social exchanges containing greetings, introductions, casual small talk, and leave-taking.
 2. Understand simple common instructions and directions.
 3. Understand familiar, everyday requests and expressions of permission.
 4. Understand general meaning and factual details in descriptions, conversations, and stories about familiar, concrete topics.

Speaking

- Orally communicate basic information using simple sentences about personal needs and experiences in supported, non-demanding contexts.
 1. Open and close conversations, make small talk, and introduce self.
 2. Express problems with understanding and ask for repetition and clarification.
 3. Give simple, common instructions or directions.
 4. Make and respond to an expanding range of simple requests (such as asking for help and permission).
 5. Ask for and give information and advice.
 6. Describe scenes and daily routines.
 7. Describe experiences and series of events.
 8. Describe wants and plans.

5. Assessment

To complete ELD 034, a student must get a mark of at least 75% (or S=Satisfactory) on the learning outcomes in each skill area (listening and speaking). There will also be in-class quizzes and the results will be considered in the overall assessment. At the end of the term, the student will receive a grade based on the Competency Grading System described in section 6.

You cannot write your final tests early. Students need to remain in Victoria, attending Camosun until December 13th, 2019. Please make travel plans after that date.

6. Grading System

Competency Based Grading System

This grading system is based on satisfactory acquisition of defined skills or successful completion of the course learning outcomes.

<i>Grade</i>	<i>Description</i>
<i>COM</i>	<i>The student has met the goals, criteria, or competencies established for this course, practicum or field placement.</i>
<i>NC</i>	<i>The student has not met the goals, criteria, or competencies established for this course, practicum or field placement.</i>

ACADEMIC PROGRESS Requirements

Progress

If a full-time student (20 hours per week) does not progress in the first attempt of a level, s/he will talk with the instructor to find ways for the student to succeed. This may include counselling, getting help from the learning skills centre, a different program or institution.

If the full-time student does not progress in the second attempt at the same level, s/he will meet with the programme chair.

7. Expectations to assist with student success

Students are responsible for

- attending classes regularly (see "Attendance" below)
- speaking English in class
- participating in discussions and group activities
- doing assigned homework and in-class work
- contributing to a positive learning environment
- turning off cell phones
- going to the Help Centre for extra help.

All students are strongly encouraged to use the Help Centre.

Attendance

Students are expected to attend class every day, participate in class discussions and group activities, complete assignments, and homework.

If you cannot come the day of a test because you are sick, you MUST phone or email the instructor before the class starts.

Makeup tests will only be considered with a valid excuse and with sufficient notification.

It is each student's responsibility to attend the first class meeting of each course. If a student does not attend the first class and does not contact the instructor, an ELDD instructional assistant or an international education advisor within two working days following the first class with a satisfactory explanation, admittance to the course may be denied.

If a student does not attend classes and does not officially withdraw (via Camlink or Student Services) prior to fee deadlines, he or she will be required to pay all outstanding fees, will receive no further service until the fees are paid and may receive an IP grade.

During the term, if a student misses one week of class without official documentation, s/he will meet first with the instructor to resolve the problem. If no resolution can be made, then the student will meet with the Chair of the department who may recommend the following:

- attend Help Centre
- counselling
- program changes
- withdrawal
- discussion with an academic or an International Student Advisor (where appropriate)

At the end of term, if a student has missed 50% of class after having received departmental support, a letter will be sent to the student's local and permanent address regarding his or her absence in the course. A student with an attendance problem may not be allowed to register for the following term.

Students in any level who are receiving funding for their courses are expected to attend classes regularly. If the student is unable to attend classes, s/he is expected to contact his/her instructor(s) or an ELD instructional assistant. Alternatively, official documentation is expected.
