#### **Important Note about this Course Outline:**

On the following pages, the course is explained in detail. Assignments, marking, and the method of determining final grades are covered. If you do not understand any part of this outline, or if you have any questions, **please ask the instructor** for clarification. The instructor will abide by this course outline and students are expected to read and understand its contents.

## Course Description

This course, designed for non-native speakers of English, focuses on reading strategies and on the writing process. It is designed to prepare the student for further academic study. This course provides instruction and practice in the fundamentals of reading comprehension and academic writing.

## Class Structure

In ELD 072, you will participate in a variety of learning activities: classroom instruction, pair and small-group activities, discussions, audiovisual learning, individual assignments and computer lab work. The combination of individual, small group and class work is designed to help improve specific skills, while encouraging you to learn together and from each other.

In addition to doing in-class activities with the instructor, students also work independently, in small groups and on their own. Instructors schedule some Independent learning sessions during class hours, some of which will extend into homework assignments.

**These so-called independent learning sessions, made up of activities completed independently (i.e. without the teacher's assistance), either inside or outside of class, count for 10% of the final grade in the course, so they are important in determining your final grade.** The main purpose of 'Independent Learning' sessions is to help students develop the confidence and ability to work independently and effectively, often in response to topics not assigned in advance, as this is such a necessary skill for passing in-class writing and reading tests and succeeding in college.

## Assignments

Some assignments will be done completely in class. You will also be expected to do or finish other assignments at home. It is your responsibility to complete all assignments and hand them in on time. If for some reason you are having difficulty meeting a deadline (i.e. the day and time when an assignment is due), you need to discuss this with your instructor before the deadline. Communicate with your teacher!

## Homework / Independent Study

Being disciplined about doing homework is very important. A good guideline is to set aside an hour per day, on average, for your English homework. By establishing a study routine, you will become a strong independent learner. Studying in the Help Centre (Ewing 201) will be very beneficial!

## Attendance: Regular attendance is extremely important.

If you attend regularly, come prepared, speak English only in class, make a consistent effort and always do your best, you will make progress and most likely succeed in the course. In our department, we know from years of experience that regular attendance is essential in order to do well in this course. In fact, our statistics show that there is a very strong correlation between regular attendance and good grades. If you cannot attend a class because of illness or for some other valid reason, please contact the teacher. This will ensure that there is a possibility to negotiate extensions for assignments if needed. Also, I encourage you to make an

arrangement with another student (to be your **study buddy**) to share notes in the event that either of you is absent.

### **Length of Time in ELD 072 & Completion Requirements**

Because students vary widely in their abilities, it may take some students more than one term to reach the 072 level and meet the criteria for entry into ELD 092 / 094 (or ELD 103 / 104 / 105 when offered).

Students must achieve an adequate level of competency C (60%) in both reading and writing (approximately equivalent to grade 11) to complete this course successfully. This means that students must attain a C (60%) in reading, and a C (60%) in writing in order to pass ELD 072. **Additionally, if a student fails both the Reading Final and the in-class portion of the Final Research Essay, he or she may – at the discretion of the instructor - need to repeat ELD 072.**

Note: Completion of both ELD 072 and ELD 074 is required in order to take ELD 092 and EDL 094.

## 7. Recommended Materials to Assist Students to Succeed Throughout the Course

### IMPORTANT INFORMATION:

1. Except in cases of verified illness or other legitimate reasons, **all assignments must be completed and handed in on the due dates, on the day of the class in which they are due.** Late assignments **may not be accepted** – students need to learn to be accountable. If you have a valid reason for not being able to hand in an assignment on time, you must speak to the instructor **BEFORE the due date.**

**All take-home assignments must be neatly done, typed, double-spaced, stapled and with a HEADER. Take-home assignments should be typed unless otherwise indicated by the instructor.**

2. There are no make-up tests in ELD 072 except in the case of **verifiable** medical issues or other circumstances which the instructor accepts. If you are sick, please telephone or email the instructor **before the class** or relay a message through a friend or classmate regarding **your absence.** This will ensure that the instructor will be prepared to discuss opportunities to make up missed work or in-class assignments. Depending on the circumstances, students may be allowed **one** 'grace' late assignment (1 week maximum extension). This is in keeping with

the truth expressed in the superb Japanese proverb, "Even monkeys fall from trees" (i.e. even the teacher might be late sometime). That said, make-up tests **will only take place at the end of the semester** for students who have – with one or two exceptions - demonstrated a commitment to the course in terms of attendance, speaking English in class and a regular pattern of meeting deadlines.

**3. Without consistent attendance, you will likely not do well in this course. Our experience has shown us that most of our students who receive a B, B+, A -, A or A + in the course have attended all or almost all of the classes. In other words, there is direct correlation (link) between attendance and good grades.**

The ELD Department has an **Academic Progress and Attendance Policy** (see the link near the end of the Course Outline) designed to enhance a learner's likelihood of success. Students are encouraged to become familiar with the content of this policy.

**4.** Students who have completed all major assignments and whose total mark for the term is between 50 - 59% will be awarded a "D" Grade (Pass). This is a passing grade; however, it is not a prerequisite for students planning on continuing into University Transfer courses or Technology / Business courses. A "C" grade is the minimum prerequisite for higher level courses.

**5.** In cases where the total mark is below 50%, students will receive an "F" grade. Students who drop out of the course without officially withdrawing at Registration will receive an "F" grade.

**6. ALL tests listed under 'Tests and Assignments'** must be completed to fulfill the requirements of this course and receive a passing grade. Exceptions to this are at the teacher's discretion.

**7.** Students may not use recording devices in the classroom without the prior permission of the instructor. However, the instructor's permission is not required when the use of a recording device is sanctioned by the College's Resource Centre for Students with Disabilities in order to accommodate a student's disability and when the instructor has been provided with an instructor notification letter which specifies the use of a recording device. Recordings made in the classroom are for the student's personal use only, and distribution of recorded material is prohibited.

**8.** Electronic devices (electronic dictionaries, smart phones, etc.) **cannot** be used during tests or other in-class assignments without the permission of the instructor. **The instructor may request that all smart phones be placed at the front of the class while a test is being written as well as when it is determined that they will be a distraction.**

**9. Plagiarism:** All assignments must be written entirely by you. Work that is copied from another source, done in whole or in part by another person, or fixed and edited by another person is plagiarism – theft of another person's ideas / effort / writing. To avoid plagiarism, don't get a "tutor" to edit your work and don't "borrow" material from the Internet. Be aware that your instructor will be familiar with your style and level of writing from your in-class work

and knows how to use the Internet, too. **A first instance of plagiarized work will result in a reduced or zero grade for the assignment. A recurrence of plagiarism will likely result in a failing grade for the course and a required visit to the Dean.** This policy follows the Camosun College Calendar – Student Conduct section.

**Important Dates:** Our Course Dates: (Tuesday) September 3 to (Thursday) December 5

**Final letter grades will be posted on Camlink** by Tuesday, December 10th

(NOTE: Grades on D2L are **unofficial**)
