2. Course Content and Schedule

Class hours: Monday/Wednesday 1:00 – 2:20 pm

This class will start online and move to a face to face class if/when health regulations say it is safe to do so.

The course is designed to be completed in one term. However, it can be completed sooner, depending on several factors including the student's beginning level of computer skills, motivation, learning rate, and how much time they can study. Students can work on the modules in whatever order they choose, but they should focus on completing assignments and quizzes as they work through a module.

3. Intended Learning Outcomes

(Complete ABE Intermediate Level – Computer Skills learning outcomes at ABE Articulation Handbook website <https://www.bccat.ca/pubs/2018-19%20ABE%20Articulation%20Guide.pdf>)

Computers are increasingly becoming a part of daily life in personal, work and educational environments. The goal of an Intermediate Level computer course is to introduce adult learners to the use of the computer as a tool so that they will become more self-confident and therefore able to function more efficiently with a computer.

At completion of the course students will be able to demonstrate the following learning outcomes.

- describe commonly used computer terminology and acronyms
- describe the difference between hardware and software
- demonstrate the use of the features of a mouse including left click, right click and scroll
- demonstrate the ability to operate a printer (power on, put on line/off line and load paper)

C. Operating System

- describe the basic operations of an Operating System (launching applications programs and managing system resources)

- demonstrate the ability to correctly name and locate files and folders
 - demonstrate the ability to perform basic file operations using the operating system (copy, move, erase and rename)
- D. Word Processing
- create a new word processing document
 - edit a document, including cutting and pasting text
 - print a document
 - save a document to a specified location
 - retrieve a document from a specified location
 - use tools such as a spell checker or thesaurus
 - format a page using basic page layout properties (margins, justification, boldfacing and line spacing)
 - demonstrate the ability to use help features and tutorials
 - create headers, footers and page numbering
 - manipulate margins
 - create tables, columns, page and section breaks
- E. Electronic Communications
