If a full-time student (20 hours + 5 hours of lab per week) does not progress in the first attempt of a level, s/he will talk with the instructor to find ways for the student to succeed. This may include counselling, getting help from the learning skills centre, a different program or institution.

If the full-time student does not progress in the second attempt at the same level, s/he will meet with the programme chair.

8. Expectations for student success

Students are responsible for

- attending classes regularly (see “Attendance” below)
- speaking English in class
- participating in discussions and group activities
- doing assigned homework and in-class work
- contributing to a positive learning environment
- turning off cell phones
- working with Instructional Assistants (IAs) for extra help.

All students are strongly encouraged to contact Instructional Assistants (IAs) for learning support.

Attendance

Students are expected to attend at least 80% of classes, participate in class discussions and group activities, complete assignments, and homework.

If you cannot complete a scheduled test because you are sick, you MUST phone or email the instructor (Nick) before the test starts.

Makeup tests will only be considered with a valid excuse and phone call/email before the test.

It is each student’s responsibility to attend the first class meeting of each course. If a student does not attend the first class and does not contact the instructor, an ELD instructional assistant or an international education advisor within two working days following the first class with a satisfactory explanation, admittance to the course may be denied.

If a student does not attend classes and does not officially withdraw (via Camlink or Student Services) prior to fee deadlines, he or she will be required to pay all outstanding fees, will receive no further service until the fees are paid and may receive an IP grade.

During the term, if a student misses one week of class without official documentation, s/he will speak first with the instructor to resolve the problem. If no resolution can be made, then the student will speak with the Chair of the department who may recommend the following:

- get IA support
- counselling
- program changes
- withdrawal
- discussion with an academic or an International Student Advisor (where appropriate)

At the end of term, if a student has missed 50% of class after having received departmental support, a letter will be sent to the student’s local and permanent address regarding his or her absence in the course. A student with an attendance problem may not be allowed to register for the following term.

Students in any level who are receiving funding for their courses are expected to attend classes regularly. If the student is unable to attend classes, s/he is expected to contact his/her instructor(s) or an ELD instructional assistant. Alternatively, official documentation is expected.
