COURSE GUIDELINES & EXPECTATIONS

This is a self-paced course. Students have the flexibility to follow an individually-adaptable timeline to complete the assignments and achieve the learning outcomes. Students will be assigned a variety of work to help them achieve the learning outcomes for the course. Since I use an individualized, competency - based learning approach, the number of assignments in each category listed in the chart will often exceed the minimum, and other assignments may be added. As much as possible, I treat as practice students' work that does not reflect mastery of the relevant learning outcomes.

The course entails six in-person hours per week with an expectation that students will study four more hours per week outside of class. Students have a responsibility to work hard, attend class and/or meetings, and ask for support when needed.

SCHOOL AND DEPARTMENTAL INFORMATION

Community Learning Partnerships (CLP), a department of the School of Access, brings education to community-based sites to make it easier for students to begin or return to learning in a less intimidating place than on the college campus. Students can build or refresh their skills to meet admission requirements and be

successful in other college programs. Students learn in a comfortable environment with other adults who share similar backgrounds and get help from friendly and compassionate Camosun instructors and staff.
