## **Department Policies**

- 1. Students are responsible for contacting their instructors if they are absent from exams or do not hand in a project on time. The instructor must be notified **prior to the time the exam is to be written or the paper is due.** A note from your physician will be required to write a make-up midterm or final.
- Attendance is mandatory in lab periods because many activities depend upon work by pairs or groups of 4 students. Make-up labs are not offered. In the case of illness, lab work will be reviewed for the student as much as possible. A note from your physician will be required.
- All assignments are due on the due date. 15% per day will be deducted from all late assignments. There is the option of 1 free late assignment. There will be no penalty provided the assignment is received prior to it being marked and returned to the class. Any assignment received after its return to the rest of the class will be marked but will not receive credit.
- 4. Final exams must be written when they are scheduled. The final may not be written in advance of the scheduled time.
- 5. Plagiarism is not accepted. All lab write-ups other than group reports, even those based upon data common to a lab group should be presented individually. Should two very similar projects, reports, or labs be turned in -- the original mark will be divided accordingly.

## Learning Support and Services for Students

There are a variety of services for students to assist them throughout their learning. This information is available in the College, Registrar's Office or the College web site at <a href="http://www.camosun.bc.ca">http://www.camosun.bc.ca</a>

## Academic Conduct Policy

There is an Academic Conduct Policy. It is the student's responsibility to become familiar with the content of this policy. The policy is available in each School Administration Office, Registration and on the College web sit in the Policy Section.
