## 5. Basis of Student Assessment (Weighting)

## COURSE OUTLINE (continued)

---

This is the second part of an Intermediate Conversational French Course.

Students will be evaluated on the basis of their oral participation (10%), their speeches (10%), their weekly assignments (10%), and periodic tests (70%).

Students will write chapter tests on all lessons of : Bragger & Ariew 's Chère Françoise from Ch 8 up to and including Ch. 14. There will also be a mandatory oral test on the last day of class.

Prior to tests, and as the class progresses students are required to complete the Workbook /Lab manual and do the necessary oral review with monitors.

Because of the oral component of the tests, there is no late writing and because of the progressive and accumulative nature of the course, late assignments will not be accepted. Weekly written assignments consist of a 150-word minimum composition and are to be handed in at the beginning of class. As the assignments can be used as a basis for class discussions, debates or oral presentations, the topics are to be chosen from the ones suggested in the book (see schedule p 2).

Being a class of conversational French, oral participation is a big part of learning. It will be marked after each class and averaged over the best 20 marks of the semester.

The reader book Comeau's Classiques pour débutants will be used to develop reading and conversational skills. Any readings assigned in Chère Françoise or Classiques pour débutants are expected to be done prior to class (the letters in Chère Françoise are recorded on tape).
