

# Camosun College

## Department of Chemistry and Geoscience

### Chemistry 106 A.C.B. seminar 2

Winter 2005

**Instructor:** Graham Shorthill  
**Office:** Fisher 342C  
**Phone No.:** 370-3441

**E-mail:** Shorthg@camosun.bc.ca  
**Office hours:** See the posted times on the office door

**Duration** Students will meet every other week for one hour for the semester.

**Content** The topics will include:

- Instruction in the preparation and delivery of scientific talks.
- Prepare a presentation and a written summary on a scientific topic chosen by the students.
- Working in pairs, students will make a short presentation of the topic (10 min) and answer questions from the audience.
- Tours of local sites of significant chemical and/or molecular biological interest.
- Information about career opportunities in chemistry and biotechnology from external speakers.
- Problems arising from any aspect of the program.

**Grades** The final letter grade will be based on the following

- Attendance
- Quality of the summary
- Performance at the presentation

**Outcomes** At the end of this course, students will be able to:

- Prepare and deliver a ten minute seminar presentation on a scientific topic.
