

CHEMISTRY 121 Winter 2005

Text: "Chemistry, The Central Science", 9th Edition by Brown, LeMay and Bursten
"Solutions Manual to Brown, LeMay and Bursten"
Chem 121 Lab Manual
Safety glasses

Contents:

	<u>Chapter</u>
1. Organic Chem	25
2. Kinetics	14
3. Thermochemistry	5
4. Thermodynamics	19
5. Equilibrium	15
6. Acids and Bases	16
7. Additional Aspects of Aqueous Equil	17
8. Electrochemistry	20

Exams:

2 three hour tests	40%	1 test week 7, 1 test week 13
1 three hour final	40%	
labs	20%	

If you miss either or both tests, or if you score better on the final than either or both tests, I shall give you the mark you get on the final for either or both tests.

Grades:

A+	95-100	B+	80-84	C+	65-69
A	90-94	B	75-79	C	60-64
A-	85-89	B-	70-74	D	50-59
				F	00-49

Chem 121 is not an easy course. Much of the material has been introduced in an earlier course. Chem 121 builds on this material. I strongly recommend that you review the earlier material. If you work hard and keep up with things, you will be surprised how everything comes together. If you find you are having trouble grasping something, I'll help you. You won't be bugging me or wasting my time. My job is to help you. If you need help ask me - office, corridor, stairway, caf... anywhere
