

**Camosun College**  
**Department of Chemistry and Geoscience**

**Chemistry 208 A.C.B. seminar 4**

**Winter 2005**

**Instructor:** Graham Shorthill  
**Office:** Fisher 342C  
**Phone No.:** 370-3441

**E-mail:** Shorthg@camosun.bc.ca  
**Office hours:** See the posted times on the office door

**Duration** Students will meet every other week for one hour for the semester.

**Content** The topics for discussion will include:

- Preparation of a resume for a particular advertised post
- Successful completion of a mock job interview
- Information about external opportunities for graduates from graduates of the program and local laboratory managers.
- Tours of local sites of significant chemical and/or molecular biological interest
- Problems arising from any aspect of the program.

**Grades** The final letter grade will be based on the following

- Attendance
- Quality of the resume
- Performance at the job interview

**Outcomes** At the end of this course, students will be able to:

- Prepare for and complete a realistic job interview
- Make better informed career choices upon graduation.
