5. Basis of Student Assessment (Weighting)

(a) Assignments (40%)

Lab Exercises (4% x 3 = 12%)

Students will complete 3 lab exercises on descriptive linguistics. Exercises will be distributed during labs and must be completed and handed in at the end of class unless otherwise instructed. Instructions for the labs will be given at the beginning of each lab so please be on time. Students will not be permitted to do make-up lab exercises in order to improve their grades.

Conversation Partners (4% x 4 = 16%)

This semester-long project pairs students with international students at Camosun. The idea is to get you together with students who have different first languages so you can

learn from cross-linguistic comparisons. By comparing languages in a set of guided exercises you will be able to apply some of the concepts you are learning in class. There are four exercises and each exercise requires meeting with your conversation partner and writing a small paper. Due dates for these assignments are listed above in the class schedule in the left-most column.

Seminar Discussion Leader & Participation (12%)

Your participation mark will come from your involvement in the seminars (5%) and your role as a discussion leader (7%). In order to fully contribute to these discussions it is imperative that each student complete the course readings and come prepared to contribute.

Each student will play the role of discussion leader for one seminar class in the term. A sign-up sheet for discussion leaders will be distributed in the first week of class. As discussion leader you will be expected to lead the class by summarizing the main points of the reading, comment on what you found interesting, confusing, or troubling, and pose two questions for class discussion. Students will not be permitted to become the discussion leader on another day if they miss the date they have sign-up for.

A copy of your discussion paper (no more than 2 pages) must also be handed into the instructor at the beginning of the class. The discussion paper must be written in your own words and include the following:

- A short summary of the purpose of the article, the problem addressed, major findings and the author's conclusions;
- A critical discussion of what you found most interesting in the article, what was learned, what questions or problems were sparked by the article;
- A discussion of how it relates to class material;
- Specific examples or quotations from the article to illustrate your comments; follow the APA format for citing references.

(b) Exams (60%)

Both exams must be written in order to receive credit for Anthropology 230. Exams must be written during the scheduled times unless a physician's medical certificate is presented to the instructor. **There will be no exceptions without a medical certificate.** Students will not be permitted to write an additional make-up exam in order to improve a grade. The schedule for final exams is not posted until early October. DO NOT make travel plans for the Christmas break before you have seen your exam schedule as you will not be permitted to write your exam early.

Midterm Exam: Oct 23rd (25%)
 Final Exam: Exam Period (35%)
