## 5. Basis of Student Assessment (Weighting)

Students' grades are based on three assignments (35 %) and two exams (65 %). You will get a handout with detailed information about the assignments and a study guide for both exams

(a)	Assignments	<p><b>Assignment 1: Culture (5 %)</b> Cultural beliefs and behaviours are passed on from generation to generation and undergo changes in the process. In this brief assignment (about 3 pages) I want you to reflect on practices/customs from your own culture that serve to pass on values and behaviours and contrast these with examples from highland Peru (based on Bolin's book). On Feb.7 you will be given some class time to discuss ideas for this in groups.</p> <p><b>Assignment 2: Social Groups (10 %)</b> Using an anthropological perspective, students will describe and analyze the local culture of a social group they are, or have recently been, part of. The assignment also includes a critical discussion of potential fieldwork in that group. This assignment will be about 7 pages.</p> <p><b>Assignment 3: Research Paper (15 %) &amp; Mini-Presentation (5 %)</b> Students will write a research paper (about 8 pages) examining culture change in a specific area (such as family structure, subsistence, language, or religious practice) in another culture. They will also give a 5-minute talk about their research topic in class.</p>
(b)	Exams	<p><b>Midterm (30 %):</b> The midterm consists of a mix of multiple-choice, fill-in-the-blanks, and short and medium answer questions. It is based on all materials covered up to that day, including lecture topics, readings, and films.</p> <p><b>Final Exam (35 %):</b> The final is based on all materials covered after the midterm, including lecture topics, readings, and films. It will also include a few general concepts covered earlier in the course. The format is the same as that of the midterm.</p>
(c)	Other (eg, Attendance, Project, Group Work)	<p><b>Class Participation:</b> Group and class discussions are an integral part of this course. Up to 2 % of <i>bonus marks</i> will be given to students who contribute to these discussions regularly and with good comments.</p>

**IMPORTANT:** All exams must be written to successfully complete this course, and they have to be written at the scheduled times. In the case of an emergency or grave illness, you have to inform the instructor *before* the start of the exam and present a medical certificate. There are no exceptions without such a document.

Assignments are due *in class* on the days listed in the course schedule. For late assignments, 5 % of the grade will be deducted per school day, and assignments will **not** be accepted more than three days after the deadline. Assignment 1 will *only* be accepted on the due date.

Please note that there is no option to redo assignments or do extra assignments in this class. However, I encourage you to see me during office hours and get feedback as you are preparing your assignments.
