- Out-of-class Workload: 4-5 hours per week
- Prerequisites: C+ in English 12 or assessment
- Transferability: UVic, UBC, SFU, UNBC and others

Course Topic Units

The course is organized into seven units:

Unit I. Introduction to Basic Concepts

This unit introduces the field of geography, its basic concepts and approaches, and major geographical methodologies and philosophical thoughts.

Unit II. Culture and Religion

This unit outlines the concepts of culture and the evolution from hunting and gathering society to agricultural, industrial, and post-industrial societies. The geographical origins, distribution and spatial distribution and impacts of major religions are also discussed.

Unit III Population and Migration.

This unit examines the key indicators and issues of demographic structure, population policies and distribution in both developed and developing countries. The patterns, factors and explanations of migration at local, regional, and international scales will also be highlighted.

Unit IV. Urbanization and Cities

This unit highlights the spatial organizations and functions of urban systems with particular emphasis on the location of world cities, urbanization, and models of urban system and internal structures.

Unit V. Globalization and Political System

The concepts and issues of globalization will be reviewed in this unit. This unit further highlights the spatial organizations and functions of political systems with particular emphasis on the evolution of the state, boundary conflicts, and geopolitical strategies and issues.

Unit VI. Economic Activities and Development

This unit focuses on the spatial patterns of production, distribution, and consumption of primary, secondary and tertiary activities. The lectures review the factors and locational models of agricultural and manufacturing activities, and the indicators and explanations of economic development.

Unit VII. Human-Environment Relationship

This unit concerns with human impacts on the environment especially relating to global climatic changes and issues of environmental degradation.

Instructional Framework

- Lectures: provide an outline for understanding and interpreting materials essential to course objectives, learning outcomes and course assignments. Lectures are intended to highlight major concepts, clarify text and supplementary materials, and raise awareness of issues.
- Discussion: is an integral part of the course and every one is encouraged to raise questions, elaborate upon, or seek clarification of, course content during lectures, labs and seminars.

- **Audio-visual Materials:** a variety of videos and powerpoint images will be used in conjunction with lectures and seminars to illustrate the major concepts and issues.
- **Readings:** include both required and supplementary materials. The required readings provide essential materials in achieving course objectives. The readings should be read both before and after the lectures. Supplementary readings offer additional opportunities to study in-depth on certain topics.
- **Tests:** are conducted to provide learning opportunities for students to review both lecture and reading materials assigned in the course. They also serve as means of evaluating the extent to which individual students are meeting course objectives and learning outcomes.
- **Labs and Exercises:** are assigned in the course to focus on acquiring geographical concepts and skills.
- **Presentations:** aim to facilitate students' to better understand the issues, organize materials effectively, and to improve public speaking techniques.
- **Attendance:** regular attendance and participation in lectures, seminars and labs are expected of all students. Attendance will be recorded from the third week of class on. Students should inform the instructor if absence is more than a week.
- **cell phones** or other electronic devices should be turned off before entering the classroom;
- students are expected to follow the College's **Student Conduct Policy**

		<u>Assignments</u>
(a)	Assignments	<p>Important notice: Students are expected to complete all assignments by themselves. Any students found plagiarizing or copying others' works may be assigned a grade of 'F' for that assignment or the course. Students can work individually or in small groups. In small group labs all members are expected to participate and contribute to the completion of the assignment. To facilitate the opportunities to work with different groups of students, students must form a different lab group each time.</p> <p><u>Labs (30%):</u> a total of 7 labs will be assigned during the semester and the best 6 labs will be counted for marks. Each lab will carry equal marks. All labs are to be submitted on time (see schedule of activities). Late labs are not accepted.</p>
(b)	Quizzes	
		<u>Tests</u>
(c)	Exams	<p><u>Test 1 (20%):</u> The first test will be based on the reading, lecture and lab materials covered in the first half of the course. See schedule of activities for the test date.</p> <p><u>Test 2 (20%):</u> The second test will be based on the reading, lecture, and lab materials covered after the first test. See schedule of activities for the test date.</p> <p><i>Important Note:</i> A doctor's certificate or equivalent is required to take a supplementary examination. Other supplementary examinations <u>approved</u> by the instructor may be subjected to a penalty of 5% per day.</p>

(d)	<p>Other (eg, Attendance, Project, Group Work)</p>	<p>Project (20%): The theme of this year focuses on the development issues facing Sub-Saharan Africa. Students are encouraged to form a small group of 2-3 to develop either a research project or a service learning activity. All research projects or service learning activities have to be presented and submitted in the form of posters, slides, videos, power-point, or other audio-visual formats (see schedule of activities for due days). The audio-visual materials will be evaluated by its content, organization of materials, appropriate use of photos, graphs, maps , etc, and proper citation of sources and consistent design. <i>Students conducting an extensive service learning project may be allowed to shift a maximum of 10% from another assignment. The request must be made in writing as part of the project proposal. Consult the instructor for details</i></p> <p>Presentation (10%): Each individual or group of 2-3 students is required to present a 10-15 minute oral summary of their project during the last two weeks of classes. The order of presentation will be assigned by the instructor according to the topics. No rescheduling of presentations will be permitted. The evaluation of the presentation is based on speaking style, content, organization and time management.</p>

95-100	A+		9
90-94	A		8
85-89	A-		7
80-84	B+		6
75-79	B		5
70-74	B-		4
65-69	C+		3
60-64	C		2
50-59	D		1
0-49	F	Minimum level has not been achieved.	0

Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy at camosun.ca or information on conversion to final grades, and for additional information on student record and transcript notations.

Temporary Grade	Description
I	<i>Incomplete:</i> A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.

IP	<i>In progress:</i> A temporary grade assigned for courses that are designed to have an anticipated enrollment that extends beyond one term. No more than two IP grades will be assigned for the same course.
CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at **camosun.ca** for information on conversion to final grades, and for additional information on student record and transcript notations.

7. Recommended Materials or Services to Assist Students to Succeed Throughout the Course

LEARNING SUPPORT AND SERVICES FOR STUDENTS

There are a variety of services available for students to assist them throughout their learning. This information is available in the College calendar, at Student Services or the College web site at camosun.ca.

STUDENT CONDUCT POLICY

There is a Student Conduct Policy **which includes plagiarism**. It is the student's responsibility to become familiar with the content of this policy. The policy is available in each School Administration Office, at Student Services and on the College web site in the Policy Section.
