4. Course Content and Schedule

Within two weeks of beginning a work term, the student submits to the instructor:

- A learning plan outlining at least three realistic and measurable goals to be achieved during the work term.
- For self-developed work terms this plan needs to be submitted prior to approval of the work term. Within two weeks of beginning the work term, a second document needs to be submitted to confirm these goals as being realistic and achievable, or to modify them as necessary with consultation with the instructor.
- The goals outlined in the plan must demonstrate a relationship with what the student has learned to date, and explain how successful completion of the plan will tie into the student's longer term career plans.

At or around the midpoint of the work term, but prior to the scheduled site visit:

- Submission of a midterm reflection to the instructor. This form will be sent to the student at the start of the work term.

At least one week prior to the completion of the work term, the student submits to the instructor:

- a completed Employer Assessment of Learning;
- a completed Student Assessment of Learning;
- an updated resume;
- an itemized list of new samples of work to be included in the student's portfolio, including the rationale and explaining the context of each item;
- and a reflective essay outlining the completion of goals identified at the start of the work term and how the term ties into the student's future career path (specific details on content to be provided to the student).
