5. Basis of Student Assessment (Weighting)

Students' grades are based on two exams (55%), three assignments (35%), and seminar participation (10%). You will get a study guide for both exams and a detailed handout about the assignments.

(a) Exams

Midterm (25 %): The midterm consists of a mix of multiple-choice, fill-in-the-blanks, and short and medium answer questions. It is based on all materials covered up to that day, including lecture topics, readings, and films.

Final Exam (30 %): The final is based on all materials covered after the midterm, including lecture topics, readings, and films. It will *also* include some general concepts covered earlier and throughout the course. The format is the same as that of the midterm.

(b) Assignments (Details will follow in assignment handout)

Assignment 1: Culture (5%)

Cultural beliefs and behaviours are passed on from generation to generation in the process of enculturation. In this brief assignment (about three pages/750 words) you are asked to reflect on practices/customs from your own culture that serve to pass on values and behaviours and contrast these with examples from highland Peru (based on Bolin's book).

Assignment 2: Social Groups (10%)

Using an anthropological perspective, students will describe and analyze aspects of local culture in a social group they are a part of. The assignment (five to six pages/1250-1500 words) also includes a critical discussion of hypothetical fieldwork in that group.

Assignment 3: Point-form Research Paper (15%) & Presentation (5%)

Students will research the process of culture change in a specific area such as family structure, language, religious practice etc. in our or another culture. They will write a detailed paper outline based on their research (four pages) and give a 5-minute talk about their topic during a seminar class.

(c) Participation

Seminar Participation (10%):

The seminars will allow us to explore certain topics/issues in more depth, and attendance and participation form an integral part of this course. Seminars will involve discussions and activities in small groups or as a whole seminar. The focus of the seminar each week will be made clear in the lecture on Mondays; sometimes I will provide you with concrete questions to consider for the seminar, while at other times student input from the lecture may shape the focus of the seminar. In preparation for successful seminar participation it is necessary that you attend the lecture and do the readings.

Your participation grade will be calculated as follows: Attendance is taken each seminar. If you (a) attend the seminars regularly (missing no more than one seminar without a valid excuse), and, (b), participate in the group discussions and activities, you will receive 6.5% (C+) out of the 10%. The remaining 3.5% will be given based on your participation during seminar discussions. (Since the lectures will have an interactive component as well, your participation in lecture discussions will count towards your seminar participation mark. This is a chance to earn some bonus participation points.)

IMPORTANT: Both exams must be written to successfully complete this course, and they have to be written at the scheduled times. In the case of an emergency or grave illness, you have to inform the instructor *before* the start of the exam and present a medical certificate. There are no exceptions without such a document. Assignments are due *in class* on the days listed in the course schedule. For late assignments, 5 % of the grade will be deducted per school day, and assignments will **not** be accepted more than three school days after the deadline.

Please note that there is no option to redo assignments or do extra assignments in this class. However, I encourage you to see me during office hours and get feedback as you are preparing your assignments.

6. Grading System: Standard Grading System (GPA)

Percentage	Grade	Description	Grade Point Equivalency
90-100	A+		9
85-89	A		8
80-84	A-		7
77-79	B+		6
73-76	B		5
70-72	B-		4
65-69	C+		3
60-64	C		2
50-59	D	Minimum level of achievement for which credit is granted; a course with a "D" grade cannot be used as a prerequisite.	1
0-49	F	Minimum level has not been achieved.	0

Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at camosun.ca for information on conversion to final grades, and for additional information on student record and transcript notations.

Temporary Grade	Description
I	<i>Incomplete:</i> A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.
IP	<i>In progress:</i> A temporary grade assigned for courses that, due to design may require a further enrollment in the same course. No more than two IP grades will be assigned for the same course. (<i>For these courses a final grade will be assigned to either the 3rd course attempt or at the point of course completion.</i>)
CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.
