4. Course Content and Schedule

FORMAT

In order to achieve the main objective – the implementation of theory into practice, students will do readings from the text, discussions in class, and a series of structure planned exercises that involve practicing new skills in pairs and small groups. Mini lectures will explain various concepts and techniques such as role-playing and written work will demonstrate and practice concepts and skills. Students will be evaluated on conceptual understanding as well as skill performance.

EVALUATION: A course grade will be determined by the following:

1. *Role Plays* 25% (MAXIMUM 30 MIN)

In teams of 3-5 students you are to role play a situation illustrating an aspect of Interpersonal communication. The narrator should introduce the role play and keep the audience informed, as necessary, as to what concept or principle is illustrated (video, chart, and or role play).

Following the role play, other students in the class are expected to comment on what they learned from the role play, how well the concept(s) were illustrated, etc. You are to conduct a class activity to solicit written feedback.

Grading of Role Play:

All members of the group are expected to work cooperatively on both the planning and the write up. The final grade for the role play and the presentation will be shared among all members. Any student having difficulty with this format needs to discuss this with the Instructor. All members of the group are expected to contribute to the planning. Role play grade will be provided by the following class.

List of Role Plays:

1. *Chapter 3 (pp. 140-146)*
Illustrate how the "Pillow Method" is used to resolve a difference in point of view between people. (2-3 examples in own life)
2. *Chapter 4 (pp. 175-187)*
Illustrate how Albert Ellis' seven irrational beliefs or fallacies lead to illogical conclusions and debilitating feelings.
3. *Chapter 5 (pp. 196-215)*
Illustrate 6 ways the language we use can cause problems in our relationships, and also illustrate alternatives.
4. *Chapter 2 (pp. 72-93)*
Demonstrate what specific real-life experiences will affect the formation of high-low self-esteem and ways to improve self concept.
5. *Chapter 7 (pp. 309-318)*
Demonstrate 7 types of ineffective listening and identify correct alternatives.
6. *Chapter 8 (pp. 374-384)*
Illustrate how an interaction proceeds through four different levels of self-disclosure
7. *Chapter 9 (pp. 414-427)*
Illustrate ways to respond non-defensively to criticism and ways to prevent Defensiveness in others. Use real-life examples.
8. *Chapter 10 (pp. 477-494)*
Use 4 real life examples to demonstrate the 4 methods of conflict resolution.

You will form a group and present a thirty minute presentation (maximum) of a skill topic to the class. This presentation must illustrate your understanding of the concept or skill. You may select role play, charts, games etc. to illustrate your topic. You will be provided some class time to help organize topics. Most of the presentation planning is done out of class.

Chapter quizzes (40%)

There will be a short quiz given approximately after each chapter reading. The purpose is to ensure the student keeps up with the text material. There are NO make up quizzes. The best eight of ten quizzes comprise the forty per cent. The student can miss two quizzes without this grade being affected.

Tests (15%) Option is to take test one or test two. There are two tests each worth the same percentage. Both tests are composed of multiple choice and short answer questions to assist the student in demonstrating his or her conceptual understanding. Test one covers material in chapters one through six. Test two covers material in chapters seven through ten

Chapter Integration Paper (10%)

You are to write papers that integrate your learning of the theory to your life. The paper will include the concepts and terms from the text and relate to your own experience (the theory to the practice). This should not be a library research paper but should reflect more of what you have learned from the chapter and how the theory helps you understand and improve your relationships with others.

Write a paper of approximately 800-1000 words: using concepts, vocabulary, and material from TWO specific chapters. Keep your paper clear, coherent, and concise. Try to write a paper that has a central theme instead of a list of concepts and examples. A good way to do it is to take a real life situation and describe it using the theory, making sure to keep a high amount of course material discussed (50% of chapter content for each chapter is required)

Write and rewrite, if necessary, before submitting the final copy. One student wrote ten drafts before the final copy. Remember to use the concepts and vocabulary from the two chapters chosen (chapters 1 through 10. Underline each of the concepts the first time you apply them. Use lots of vocabulary. The main aspect of the paper is to: briefly describe theory and apply theory to personal examples (practice)

5. Basis of Student Assessment (Weighting)

(a) Assignments	Integration paper	10%
(b) Quizzes	Eight of ten quizzes	40%
(c) Exams	One of two tests	15%
(d) Oral/Group Presentation	Oral 16 marks/ Written 9 marks	25%
(e) Take Home Assignment	Transcript Analysis	10%

Students will be evaluated on their conceptual understanding as well as skill performance. This includes the student's ability to use the skills presented in class. Attendance is very important in meeting both these requirements and missing more than 6 hours of class may result in a loss of one letter grade

6. Grading System

Standard Grading System (GPA)

Percentage	Grade	Description	Grade Point Equivalency
90-100	A+		9
85-89	A		8
80-84	A-		7
77-79	B+		6
73-76	B		5
70-72	B-		4
65-69	C+		3
60-64	C		2
50-59	D	Minimum level of achievement for which credit is granted; a course with a "D" grade cannot be used as a prerequisite.	1
0-49	F	Minimum level has not been achieved.	0

Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at camosun.ca for information on conversion to final grades, and for additional information on student record and transcript notations.

CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.
