DUE DATES AND LATE PAPERS

- Late papers will be penalized at a rate of 5% for every day your paper is late (weekends included).
- Your paper will not be accepted after marked assignments have been returned. Late papers will not receive any written feedback; I will only provide a percentage.
- Assignments are due on the due date, at the beginning of class.

EXTENUATING CIRCUMSTANCES

- Extensions will not normally be granted. However, if you have a valid reason for an extension, you must contact me before the due date of your paper. I will not grant extensions on the day your paper is due.

PEER EDITS

A peer edit by a member or members of your own class, carried out during a class scheduled for peer editing, is a required element of most assignments in this course. I will grade papers with the assumption that a peer edit has been done.

Failure to bring a completed draft to the class and to participate in the peer editing will result in the loss of 2% from your final grade. For example, a student who misses two peer edits would have her or his final grade reduced from 80% (B+) to 76% (B).

ATTENDANCE

Your attendance and participation in this class will make for a better learning experience for both yourself and your peers. If you miss an exam without prior consultation, you will need a doctor's note in order to be granted permission to write it late. Without the doctor's note, your grade will be zero.

In the event that you must miss a class, please contact me ahead of time via email or telephone to let me know. It is your responsibility to catch up, to apprise yourself of any changes to assignments that might have been announced in class, and to ensure that you know the material covered in class. Therefore, find a buddy in the class, exchange phone numbers, and consult each other in the event that you must be absent.

Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. (For these courses a final grade will be assigned to either the 3 rd course attempt or at the point of course completion.)
