### 4. Course Content and Schedule

The lecture schedule will generally follow this pattern: on Wednesdays/Thursdays, the lecture will introduce the paper that is assigned reading for the weekend; on Mondays/Tuesdays, the lecture will focus on the content of the paper and assume that it has been read by everyone (preferably twice). Each seminar group will spend one seminar discussion on each topic. The discussion will take place in the seminar that follows the second lecture on the topic. So, typically, both seminars will discuss the subject of Monday's/Tuesday's lecture.

## 7. Recommended Materials or Services to Assist Students to Succeed Throughout the Course

**Reading:** Reading philosophy requires very careful attention. Expect to read everything more than once. In fact, it is not unusual to read a piece of philosophy over and over again. The best thing you could do to succeed in this course is to spend the time it takes to read carefully – which means looking up words in the dictionary, taking notes, etc.

**Speaking:** Some people have a habit of peppering their speech with incorrect uses of “like”. For example, “Plato, like, depends on Socrates; like, without Socrates, there would be, like, no Plato”. One method of dropping this bad habit is to substitute “duh” for each incorrect instance of “like”. This will enable you to make exactly the same impression on others, but it may become clearer to you that this is not the impression you are aiming to make.

### LEARNING SUPPORT AND SERVICES FOR STUDENTS

There are a variety of services available for students to assist them throughout their learning. This information is available in the College calendar, at Student Services or the College web site at [camosun.ca](http://camosun.ca).

### STUDENT CONDUCT POLICY

There is a Student Conduct Policy **which includes plagiarism**. It is the student’s responsibility to become familiar with the content of this policy. The policy is available in each School Administration Office, at Student Services and on the College web site in the Policy Section.
