#### **DUE DATES AND LATE PAPERS**

- Late papers will be penalized at a rate of 5% for every day your paper is late (weekends included).
- Your paper will not be accepted after marked assignments have been returned. Late papers will not receive any written feedback; I will only provide a percentage.
- Assignments are due on the due date, at the beginning of class.

#### **EXTENUATING CIRCUMSTANCES**

• Extensions will not normally be granted. However, if you have a valid reason for an extension, you must contact me before the due date of your paper. I will not grant extensions on the day your paper is due.

#### PEER EDITS

A peer edit by a member or members of your own class, <u>carried out during a class</u> <u>scheduled for peer editing</u>, is a required element of most assignments in this course. I will grade papers with the assumption that a peer edit has been done. Peer edits also constitute a portion of your participation grade.

I recommend that you always seek feedback on a paper, even if you are unable to attend the class in which a peer edit is scheduled. However, <u>asking someone to edit your</u> <u>paper out of class</u>, even if you ask a classmate, will not restore the lost marks.

#### ATTENDANCE

You attendance and participation in this class will make for a better learning experience for both yourself and your peers. Missed in class assignments can only be made up at a 10% loss.

In the event that you must miss a class, please contact me ahead of time via email or telephone to let me know. It is your responsibility to catch up, to apprise yourself of any changes to assignments that might have been announced in class, and to ensure that you

know the material covered in class. Therefore, find a buddy in the class, exchange phone numbers, and consult each other in the event that you must be absent.
