4. Course Content and Schedule

(This section can include: class hours, lab hours, out of class requirements and/or dates for quizzes, exams, lectures, labs, seminars, practicums, etc.)

Course Topic Units

The course is organized into six units:

Unit I. Introduction to Basic Concepts

This unit introduces the field of geography, its basic concepts and approaches, and major geographical methodologies and philosophical thoughts.

Unit II. Culture and Religion

This unit outlines the concepts of culture and the evolution from hunting and gathering society to agricultural, industrial, and post-industrial societies. The geographical origins, distribution and spatial distribution and impacts of major religions are also discussed.

Unit III. Globalization

The concepts and impacts of globalization will be reviewed in this unit.

Unit IV. Political System

This unit highlights the spatial organizations and functions of political systems with particular emphasis on the evolution of the state, boundary conflicts, and geopolitical strategies and issues.

Unit V . Population and Migration.

This unit examines the key indicators and issues of demographic structure, population policies and distribution in both developed and developing countries. The patterns, factors and explanations of migration at local, regional, and international scales will also be highlighted.

Unit VI. Urbanization and Cities

This unit highlights the spatial organizations and functions of urban systems with particular emphasis on the location of world cities, urbanization, and models of urban system and internal structures.

Unit VII. Economic Activities and Development

This unit focuses on the spatial patterns of production, distribution, and consumption of primary, secondary and tertiary activities. The lectures review the factors and locational models of agricultural and manufacturing activities, and the indicators and explanations of economic development.

Unit VIII. Human-Environment Relationship

This unit concerns with human impacts on the environment especially relating to global climatic changes and issues of environmental degradation.

5. Basis of Student Assessment (Weighting)

(This section should be directly linked to the Intended Learning Outcomes.)

(a) Assignments

Important notice: Students are expected to complete all assignments by themselves. Any students found plagiarizing or copying others' works may be assigned a grade of 'F' for that assignment or the course. Students can work individually or in small groups. In small group labs all members are expected to participate and contribute to the completion of the assignment. To facilitate the opportunities to work with different groups of students, students must form a different lab group each time. A doctor's certificate or equivalent is required to take a supplementary examination. Other supplementary examinations approved by the instructor may be subjected to a penalty of 5% per day.

Labs (30%): a total of 6 labs will be assigned during the semester and the best 5 will be counted. Each lab will carry equal marks. All labs are to be submitted on time (see schedule of activities). **Late labs are not accepted.**

Project (25%): The theme of this year focuses on the development issues facing Sub-Saharan Africa. Students are encouraged to form a small group of 2-3 to develop either a research project or a service learning activity. All research projects or service learning activities have to be presented and submitted in the form of posters, slides, videos, power-point, or other audio-visual formats (see schedule of activities for due days). The audio-visual materials will be evaluated by its content, organization of materials, appropriate use of photos, graphs, maps, etc, and proper citation of sources and consistent design. *Students conducting an extensive service learning project may be allowed to shift a maximum of 10% from another assignment. The request must be made in writing as part of the project proposal. Consult the instructor for details*

Test 1 (15%): The first test will be based on the reading, lecture and lab materials covered in the first half of the course. See schedule of activities for the test date.

Test 2 (20%): The second test will be based on the reading, lecture, and lab materials covered after the first test. See schedule of activities for the test date.

Presentation (10%): For in-class students, each individual or group of 2-3 students is required to present a 10-15 minute oral summary of their project during the last two weeks of classes. The order of presentation will be assigned by the instructor according to the topics. No rescheduling of

presentations will be permitted. The evaluation of the presentation is based on speaking style, content, organization and time management.

On-line discussions (10%): For on-line students, a total of 8 on-line discussions are assigned weekly. The discussions are closed two weeks after they are posted

	% of Assignments
5 Labs (6% each)	30%
2 Tests	35%
Project	25%
Oral Presentation (in-class students) or On-line discussions (on-line students)	10%
Total	100%

6. Grading System

(No changes are to be made to this section unless the Approved Course Description has been forwarded through the Education Council of Camosun College for approval.)

Standard Grading System (GPA)

Percentage	Grade	Description	Grade Point Equivalency
90-100	A+		9
85-89	A		8
80-84	A-		7
77-79	B+		6
73-76	B		5
70-72	B-		4
65-69	C+		3
60-64	C		2
50-59	D	Minimum level of achievement for which credit is granted; a course with a "D" grade cannot be used as a prerequisite.	1
0-49	F	Minimum level has not been achieved.	0

Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at camosun.ca for information on conversion to final grades, and for additional information on student record and transcript notations.

Temporary Grade	Description
I	<i>Incomplete:</i> A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.
IP	<i>In progress:</i> A temporary grade assigned for courses that, due to design may require a further enrollment in the same course. No more than two IP grades will be assigned for the same course. <i>(For these courses a final grade will be assigned to either the 3rd course attempt or at the point of course completion.)</i>
CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.

7. Recommended Materials or Services to Assist Students to Succeed Throughout the Course

LEARNING SUPPORT AND SERVICES FOR STUDENTS

There are a variety of services available for students to assist them throughout their learning. This information is available in the College calendar, at Student Services, or the College web site at camosun.ca.

STUDENT CONDUCT POLICY

There is a Student Conduct Policy **which includes plagiarism**. It is the student's responsibility to become familiar with the content of this policy. The policy is available in each School Administration Office, at Student Services, and the College web site in the Policy Section.
