5. Basis of Student Assessment (Weighting)

- 1) Students must complete all in – class assignments by their due date, which then must be kept in a portfolio to be evaluated at mid-term and graded at the end of term. (70%)
- 2) Out of class assignments (e.g. sketchbooks) will be assessed on a regular basis. (15%)
- 3) Attendance and involvement in class discussions and critiques, along with personal involvement (attitude) in all studio (class) and lab work studio cleanliness. (15%)

***Note** *Note: there will be homework assignments equal to 4 hours spent outside of class.

No text, But students will be requested to purchase tools and some materials valued at between \$50.00 and \$100.00.

* Attendance is one of the main criteria of the involvement and participation category. It is mandatory because class discussion cannot be recreated and therefore not made up if missed. Missing a class without a valid reason will result in a deduction of 5% from your final grade for each class missed. Missing more than two classes will seriously jeopardize your successful completion of the course. Tardiness will also have the same effect. Involvement and participation will also be evaluated on the level of care and on the quality of your engagement with your work.
