-------	--

FORMAT

In order to achieve the main objective – the implementation of theory into practice, students will do readings from the text, discussions in class, and a series of structure planned exercises that involve practicing new skills in pairs and small groups. Mini lectures will explain various concepts and techniques such as role-playing and written work will demonstrate and practice concepts and skills. Students will be evaluated on conceptual understanding as well as skill performance.

EVALUATION: A course grade will be determined by the following:

Presentation: 25% (MAX. 35 MIN.)

In teams of 3-5 students you are to role play a situation illustrating an aspect of Interpersonal communication. The narrator should introduce the role play and keep the audience informed, as necessary, as to what concept or principle is illustrated (video, chart, and or role play).

Following the role play, other students in the class are expected to comment on What they learned from the role play, how well the concept(s) were illustrated, etc.

You are to conduct a class activity to solicit written feedback.

Grading of Role Play: 16 marks and written report 9 marks

All members of the group are expected to work cooperatively on both the planning and the write-up. The final grade for the role play and the presentation will be shared among all members.

Any student having difficulty with this format needs to discuss this with the Instructor. All members of the group are expected to contribute to the planning.

Role play grade will be provided at the following class.

The best eight of ten quizzes comprise the forty per cent. The student can miss two quizzes without this grade being affected.

Tests (15%) Option is to take test one or test two.

There are two tests each worth the same percentage. Both tests are composed of multiple choice and short answer questions to assist the student in demonstrating his or her conceptual understanding. Test one covers material in chapters one through six. Test two covers material in chapters seven through ten.

Baseline Tape Summary (10%) A written description of your strengths, improvements, and goals, following your skill demonstration: perception checking, empathy, paraphrase, and open questioning, is required (1000-1500 words).
