Several assignments require access to a Windows computer. Although software that can be installed on your home computer will be made available, each student must have a Camosun account to access the computers in the General Purpose Labs. An account can be created while applying for a Student ID card in the Library or in the General Purpose Labs.

#### 4. Course Content and Schedule

*This course has been designed to enrich the mathematical background of students intending to pursue a degree in Elementary Education. The content is NOT directly related to the standard elementary mathematics curriculum. Attendance in classes in red text ("REC MATH") is mandatory. A portfolio of corresponding assignments is due on March 16. One mark will be deducted from the total grade on these assignments for each absence from the mandatory classes. The content of all other classes is subject to in-class testing and a cumulative 3-hour exam during the final exam period.*

#### 5. Basis of Student Assessment (Weighting)

- (a) 4 Class Tests (37.5%)
- (b) Final Examination (37.5%)
- (c) Portfolio and Attendance (25%)

Students will be awarded an A+, A, or A- in the course if and only if they would be awarded at least the same letter grade for their term mark, for the final exam, AND for the portfolio ... indicating a consistent performance. Students who do not meet this minimum requirement will be awarded a letter grade that is one category lower. A minimum of 50% on the final exam is necessary for grades of C or higher. Students will not be awarded a passing grade until they have submitted a satisfactory portfolio.

## 6. Grading System

(No changes are to be made to this section unless the Approved Course Description has been forwarded through the Education Council of Camosun College for approval.)

### Standard Grading System (GPA)

Percentage	Grade	Description	Grade Point Equivalency
90-100	A+		9
85-89	A		8
80-84	A-		7
77-79	B+		6
73-76	B		5
70-72	B-		4
65-69	C+		3
60-64	C		2
50-59	D	Minimum level of achievement for which credit is granted; a course with a "D" grade cannot be used as a prerequisite.	1
0-49	F	Minimum level has not been achieved.	0

### Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at [camosun.ca](http://camosun.ca) for information on conversion to final grades, and for additional information on student record and transcript notations.

Temporary Grade	Description
I	<i>Incomplete:</i> A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.
IP	<i>In progress:</i> A temporary grade assigned for courses that, due to design may require a further enrollment in the same course. No more than two IP grades will be assigned for the same course. (For these courses a final grade will be assigned to either the 3 <sup>rd</sup> course attempt or at the point of course completion.)
CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.
