

	<p>School of Arts & Science PSYCHOLOGY DEPARTMENT</p> <p>PSYC 110-004, Sections A and B Experimental Psychology Winter, 2012 (Jan-Apr)</p>
---	--

COURSE OUTLINE

Course Description:

This course presents experimental methodologies used in psychology including how data is collected, organized, and interpreted in psychological research. Topics covered: psychobiology, sensation, perception, cognition, learning theory, memory, assessment, and experimental design. Topics will be discussed and demonstrated in lecture and laboratory activities.

Prerequisites: Academic Math 10 or assessment & English 12 or assessment. Math 11 is highly recommended.

Ω Please note: this outline will be electronically stored for five (5) years only.
It is strongly recommended students keep this outline for their records.

1. Instructor Information

Instructor:	Bill Wong, PhD	
Office Hours:	10:30-11:20 (M) and 11:30-12:20 (T,W,Th); if these do not work for you, please contact me to schedule an alternate & mutually agreeable appointment	
Location:	Office: Fisher 106E Lecture Room: Ewing 346 (12:30-2:20) Lab Room: Ewing 110 (Lab A - 2:30-3:50); (Lab B - 4:00-5:20)	
Phone:	250-370-3374	Alternative Phone:
Email:	wongw@camosun.ca – always use this e-mail address	
Website:	D2L – see directions below ☺	
Instructional assistant:	Nick Meikle Office: Fisher 312 250-370-3195 meiklen@camosun.bc.ca	

2. Intended Learning Outcomes

Upon completion of this course the student will be able to:

1. Describe the components and rationale for the experimental methodologies used to acquire psychological knowledge.
2. Describe the difficulties inherent in psychological research and conduct thoughtful critiques of select studies.
3. Design and conduct studies of psychological topics and present the outcomes in a clear, logical fashion.
4. Apply psychological concepts to the study of neuroscience, sensation, perception, learning, memory, intelligence, and language.

The outcomes will be measured by a combination of examinations, lab assignments and small group work.

3. Required Materials

(a)	Texts	Gerrig, R. J., Zimbardo, P. G., Desmarais, S., & Ivanco, T. (2011). <i>Psychology and life</i> (2 nd Cdn ed.). Toronto, ON: Pearson Education Inc.
(b)	Other	This course is supported by D2L. See notes about accessing D2L. As well students can expect to get handouts during labs to assist them with course assignments and tests.

D2L

To access the course website on D2L;

- 1) Open browser (i.e., Internet Explorer)
- 2) Type in: <http://online.camosun.ca/>
- 3) Next, enter your user name followed by your last name and the day of your birth. For example mick.jagger22 for born on June 22nd.
- 4) Then enter your password which will be your date of birth in *mmddy* format. For example, 062274 for June 22nd, 1974.
- 5) Once into D2L you will be required to change your password.

4. Course Content and Schedule

1. There is one, 2-hour lecture each week.
2. There is one, 1-hour + 20 mins lab per week.
(Your student class schedule informs you of your assigned lab section.)

Special Notes: All lab assignments must include your First and Last name and your lab section.
Example: Mick Jagger, Psych 110, Lab B.

Attendance is important because it keeps you in contact with the course materials and any changes that may occur throughout the semester. It is your responsibility to contact other students in order to catch up on any missed material. A missed exam or assignment will result in a mark of zero. Unfortunately, make-up exams will not be offered without documentation. If there is a serious medical or compassionate reason that you would like considered, contact the instructor **before** the test or due date. Time management issues and competing priorities are NOT sufficient reasons. Documentation to support your claim is always required (e.g., physician's note explaining why you could not attend the exam). If an alternate exam is granted, the date and time will be set by the instructor.

5. Basis of Student Assessment (Weighting)

Students' performance in Psychology 110 will be based upon their performance on exams (70%), lab participation and assignments (18%), lab report (12%). **There will be no make-up opportunities for assignments and/or exams missed without a physician's (or equivalent) note.**

(a) Exams (70%)

- There are three exams in this course:
 - Exam 1 (25%) will cover Chapters 1, 2, and the Statistical Supplement.
 - Exam 2 (25%) will cover Chapters 4, 8 and parts of chapter 5.
 - Exam 3 (20%) will cover Chapters 7, and parts of chapters 6, 9 & 10.
- All exams are based on information from lectures, lab activities, and assigned textbook readings. **Exams will not be cumulative.** These exams will consist of multiple-choice and various short answer questions.

(b) Lab Assignments (18%)

- **There is a written assignment for most labs.** You must be in attendance to participate in the lab. Lab assignments are due at the beginning of the following day's lab **unless** otherwise informed. After this deadline, submission of any late work must be discussed with the instructor and, if allowed, will usually result in a 50% mark reduction (i.e., a late penalty).

- **Policy for arriving late for labs.** Because labs involve group activities, tardiness will not be tolerated and marks may be deducted.

(c) Lab Research Report (12%)

- There is **short research report** required in this course that is discussed during lab time. This report will involve designing an experiment, collecting data, analyzing data, and writing the results in an APA style research paper. No late papers will be accepted.

6. Grading System

Standard Grading System (GPA)

Percentage	Grade	Description	Grade Point Equivalency
90-100	A+		9
85-89	A		8
80-84	A-		7
77-79	B+		6
73-76	B		5
70-72	B-		4
65-69	C+		3
60-64	C		2
50-59	D	Minimum level of achievement for which credit is granted; a course with a "D" grade cannot be used as a prerequisite.	1
0-49	F	Minimum level has not been achieved.	0

FINAL Grades will be weighted as follows:

Lab assignments	18%
Final lab report	12%
Exam #1	25%
Exam #2	25%
Exam #3	20%
	100%

Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at camosun.ca for information on conversion to final grades, and for additional information on student record and transcript notations.

Temporary Grade	Description
I	<i>Incomplete:</i> A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.
IP	<i>In progress:</i> A temporary grade assigned for courses that, due to design may require a further enrollment in the same course. No more than two IP grades will be assigned for the same course. (For these courses a final grade will be assigned to either the 3 rd course attempt or at the point of course completion.)
CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.

About your grade

1. If you are not satisfied with a grade I have given, you have the right to ask me to regrade the work. Work that I review may receive the same grade, a lower grade, or a higher grade.
2. I reserve the right to ask you to resubmit work, or to show me extra material related to it.

7. Recommended Materials or Services to Assist Students to Succeed Throughout the Course

LEARNING SUPPORT AND SERVICES FOR STUDENTS

There are a variety of services available for students to assist them throughout their learning. This information is available in the College calendar, at Student Services or the College web site at camosun.ca.

STUDENT CONDUCT POLICY

There is a Student Conduct Policy **which includes plagiarism.** It is the student's responsibility to become familiar with the content of this policy. The policy is available in each School Administration Office, at Student Services and on the College web site in the Policy Section.

I expect students to follow **certain standards of conduct:**

1. All students are expected to follow the College's Student Conduct Policy
2. There will be no make-up opportunities without a doctor's note (or equivalent). It is up to you to follow up and make arrangements to catch up on missed assignments/exams.
3. Assignments that are copied (identical or plagiarized) between students will be given 0% for ALL students with identical work.
4. Exams must be written as scheduled. Make-up tests will only be allowed with proper documentation. You must contact the instructor prior to the test, and provide documentation within 2 days of the missed test date to be eligible for the make-up test. The instructor will determine the alternate date and time.
5. Work must be used for this course only.
6. It is college policy that *"If an instructor remains convinced that there has been a violation [such as plagiarism or cheating], he or she may assign a grade of F for the work involved, or for the course..."*

Psychology 110, Section 004 A, B, Timetable

Week	Lecture Topic	Readings	Lab Activities	Labs DUE
#1: Jan 11	Psychology & Life	Chapter 1	-Introduction -Scavenger hunt	**unless otherwise stated, all assignments are due at beginning of lab
#2: Jan 18	Research Methods: Experimentation & Describing Data	Chapter 2 & pp. 42-46	-Descriptive Statistics	
#3: Jan 25	Research Methods: Correlational Methods and Inferential Stats & ethics	pp. 46-49	-Correlation	2% Descriptive assignment
#4: Feb 1	-Biological bases of behaviour (intro)		-Inferential Statistics	3% Correlation Lab
#5: Feb 8	Exam #1 25% Based on Chapters 1, 2, & Statistical Supplement (+ lab work)		-Discuss scientific article -Distribute brain terms	3% Inferential Lab
#6: Feb 15	Biological bases of behaviour 1% Draw & label	Chapter 4	-Brain Jeopardy	2% Brain Terms (by end of lab)
#7: Feb 22	Sensation & Perception	Chapter 5 (110-130, 138-152)	-Sensation-Perception Lab	4% Article Review due
#8: Feb 29	Memory	Chapter 8	-Project proposal & ethics -Informed consent	
#9: Mar 7	Exam #2 25% Chapters 4, 5, and 8		-Discuss data collection -Finish up project proposal	2% Project proposal, ethics & informed consent due
#10: Mar 14	Mind & Consciousness	Chapter 6 (159-174)	-Methods write-up -Title page	
#11: Mar 21	Learning	Chapter 7	-Results section write-up	1% Data collection due & completed on time
#12: Mar 28	Cognitive processes	Chapter 9 (270-286)	-Introduction write-up -References & appendix	
#13: Apr 4	Intelligence and Problem-Solving	Chapter 10	-Discussion write-up -Abstract	
#14: Apr 11	Exam #3 20% Chapters 6, 7, 9, 10	No late papers accepted	Optional lab – ask questions, finish report	Research Report (12%) due by Monday, Apr 16th @ 4:00pm
There is no 'other' final exam for this course ☺				

*Note: I reserve the right to make changes to any part of this syllabus

**Also, each student is expected to be aware of all deadlines listed on this timetable.
