Course Topic Units

The course is organized into six units:

Unit I. Introduction to Basic Concepts

This unit introduces the field of geography, its basic concepts and approaches, and major geographical methodologies and philosophical thoughts.

Unit II. Culture and Religion

This unit outlines the concepts of culture and the evolution from hunting and gathering society to agricultural, industrial, and post-industrial societies. The geographical origins, distribution and spatial distribution and impacts of major religions are also discussed.

Unite III. Globalization

The concepts and impacts of globalization will be reviewed in this unit.

Unite IV. Political System

This unit highlights the spatial organizations and functions of political systems with particular emphasis on the evolution of the state, boundary conflicts, and geopolitical strategies and issues.

Unit V. Population and Migration.

This unit examines the key indicators and issues of demographic structure, population policies and distribution in both developed and developing countries. The patterns, factors and explanations of migration at local, regional, and international scales will also be highlighted.

Unit VI. Urbanization and Cities

This unit highlights the spatial organizations and functions of urban systems with particular emphasis on the location of world cities, urbanization, and models of urban system and internal structures.

Unit VII. Economic Activities and Development

This unit focuses on the spatial patterns of production, distribution, and consumption of primary, secondary and tertiary activities. The lectures review the factors and locational models of agricultural and manufacturing activities, and the indicators and explanations of economic development.

Unit VIII. Human-Environment Relationship

This unit concerns with human impacts on the environment especially relating to global climatic changes and issues of environmental degradation.

5. Basis of Student Assessment (Weighting)

(This section should be directly linked to the Intended Learning Outcomes.)

Assignments

Important Note: Students are expected to complete their own labs, projects and other assignments. In small group projects or labs, all students are expected to participate and contribute to their completion. Copying answers or using works from others are not permitted. See note on plagiarism. Students found violating the Student Conduct Policy will be assigned an F for the assignment or the course.

<u>Labs</u> (25%): a total of 5 labs will be assigned during the semester and the best 4 labs will be counted. Each lab will carry equal marks. All labs are to be submitted as scheduled (see schedule of activities). Students can work individually or in small group of 2-3 but must form a new group each time. *Late labs are not accepted.*

<u>Participation</u> (5%) students are expected to participate in lectures, seminars, reviews, discussions and presentation sessions during the semester.

<u>Project</u> (20%): The theme of this year focuses on achieving the Millennium Development Goals in Sub-Saharan Africa. Students are encouraged to form a small group of 2-3 or individually to develop either a research project or a service learning activity. All research projects or service learning activities have to be **presented and submitted in the form of posters**,

power-point, or other audio-visual format. The audio-visual materials will be evaluated by its content, organization of materials, appropriate use of photos, graphs, maps, etc, and proper citation of sources and consistent design. Students conducting an extensive service learning project may be allowed to shift a maximum of 10% from another assignment. The request must be made in writing as part of the project's proposal. Consult the instructor for details

<u>Presentation</u> (10%): Each individual or group is required to present a 10-15 minute oral summary of their project as scheduled. The order of presentation will be assigned by the instructor according to the topics. The evaluation of the presentation is based on speaking style, content, organization and time management. Students are encouraged to seek advice from the instructor or counsellors if they have any concerns about oral presentations.

Tests

- <u>Test 1</u> (20%): The first test will be based on the reading, lecture and lab materials covered in the first half of the course. See schedule of activities for the test date.
- <u>Test 2</u> (20%): The second test will be based on the reading, lecture, and lab materials covered after the first test. See schedule of activities for the test date.

<u>Important Note</u>: A doctor's certificate or equivalent is required to take a supplementary examination. Other supplementary examinations <u>approved</u> by the instructor may be subjected to a penalty of 5% per day.

- (a) Assignments
- (b) Quizzes
- (c) Exams
- (d) Other (e.g., Attendance, Project, Group Work)
