| CAMOS UN | School of Arts \& Science - Mathematics Department <br> MATLEGE $216-002$ and 003 (Applied Statistics) <br> WINTER 2013 |
| :---: | :---: |

The Approved Course Description is available on the web at http://camosun.ca/learn/calendar/current/web/math.html

1. Instructor Information

| (a) | Instructor: | Bree Wilton |
| :---: | :--- | :--- |
| (b) | Location: | E266 |
| (c) | Phone: | $250-370-3504$ |
| (d) | Email: | wiltonb@camosun.bc.ca |
| (e) | Webpage: | https://sites.google.com/site/breewilton/ |
| (g) | Office Hours: | $10: 30-11: 30$ AM M, Tu, W, Th, F |

2. Intended Learning Outcomes

The prerequisite is Math 12 or assessment. Upon completion of this course you should be able to:

1. Compute and interpret descriptive statistics.
2. Perform calculations that apply the basic properties and concepts of probability.
3. Make statistical inferences for one population and two populations.
4. Make statistical inferences for more than two populations (ANOVA).
5. Apply the technique of linear regression in circumstances where appropriate and assess the usefulness of a linear model in these situations using the concept of correlation.
6. Apply basic methods to analyze categorical data.
7. Use the statistical software MINITAB to perform basic data analysis.
8. Required Materials
9. StatsPortal code for the textbook Introduction to the Practice of Statistics by Moore McCabe and Craig Moore, 7 .
The code can be purchased online at http://courses.bfwpub.com/ips7e.php
The StatsPortal has the e-book, solutions manual, assignments, StatTutor, and more.
It costs about $\$ 80$ U.S. It can be refunded within 14 days when purchased online.
10. Lab manual: MATH 216 Lab Manual, Calver, Chen and Salloum available on my website.
11. Sharp EL-531 Scientific Calculator. No other calculators are allowed for tests and the final examination.

Optional: You may buy the textbook package from the bookstore which includes the Introduction to the Practice of Statistics by Moore McCabe and Craig Moore, 7th edition as well as the StatsPortal code for approximately \$160.
4. Course Content

| Looking at Data - Distributions | $1.1-1.3$ |
| :--- | :--- |
| Looking at Data - Relationships | $2.1-2.5$ |
| Producing Data | $3.1-3.4$ |
| Probability - The Study of Randomness | $4.1-4.5$ |
| Sampling Distributions | $5.1-5.2$ and Poisson handout |
| Introduction to Inference | $6.1-6.3$ |
| Inference for Distributions | $7.1-7.2$ |
| Inference for Proportions | $8.1-8.2$ |
| Analysis of Two-Way Tables | $9.1-9.3$ |
| Inference for Regression | 10.1 |
| Analysis of Variance | 12.1 |

Minitab Labs: This course includes 7 lab sessions. You will need the lab manual for each lab. The lab manual is available from my website (given above) under MATH 216. The labs are designed to familiarize you with the use of a computer as a tool for statistical analysis. The computer software we use is Minitab 16. Each lab session includes a lab assignment to be submitted for marking. There will be a lab final exam due in the last week of classes. Please note that Minitab can be accessed in all GP labs and the Learning Commons.

Homework Assignments: There will be 10 online homework assignments. There will also be a set of suggested problems from the textbook. In order to get a full understanding of the course materials you need to do both sets of homework.

Attendance: Showing up to class is the easiest and most important thing you can do to help succeed the course. Keeping up is an essential part of any statistics course as much of the material builds on itself. If you feel yourself falling behind at any point during the term, then please do not hesitate to come speak to me.

Math Lab: Math lab E224 is staffed with math tutors available for free help. It is a great idea to do your homework there and get help whenever needed.

Practice Tests: There will be a practice test session on the day before each test. Students are encouraged to ask questions and to work together with peers during these sessions. Solutions for these practice tests will be posted on my website. You would benefit most from these practice tests if you come to the practice tests with the notes reviewed, all homework problems completed, and a formula sheet made.

## 5. Basis of Student Assessment (Weighting)

Score 1

| Assignments (online and hand in) | $10 \%$ |
| :--- | :---: |
| Labs (5) | $5 \%$ |
| Tests (50 min each) (3) | $35 \%$ |
| Lab Final | $10 \%$ |
| Cumulative Final Exam (3 hrs) | $40 \%$ |

Score 2

| Lab Final | $10 \%$ |
| :--- | :--- |
| Cumulative Final Exam (3 hrs) | $90 \%$ |

Your course grade will be the higher of Score 1 and Score 2 if all homework and lab assignments have been completed in a satisfactory manner; otherwise, your course grade will be Score 1. Note that in order to pass this course ( $D$ or higher), you must obtain a final examination score of $40 \%$ or higher.

Final examinations will be scheduled by the college and they will take place during Apr 15-20 \& 22, 23. You must be available to write the final examination at the scheduled time.
6. Awards

Among other Mathematics awards, we now have a Statistics Award (\$500). You can find out more information about the awards on this page: http://camosun.ca/learn/programs/math/scholarships.html.

## 7. Grading System

Percentage grades will be converted to letter grades as follows:

| A+ | $[90,100]$ | B+ | $[77,80)$ | C+ | $[65,70)$ | F | $[0,50)$ |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| A | $[85,90)$ | B | $[73,77)$ | C | $[60,65)$ |  |  |
| A- | $[80,85)$ | B- | $[70,73)$ | D | $[50,60)$ |  |  |

8. Recommended Materials or Services to Assist Students to Succeed Throughout the Course There is a Student Conduct Policy which includes plagiarism. It is the student's responsibility to become familiar with the content of this policy. The policy is available in each School administration Office, at Student Services and on the College web site in the Policy Section. There are a variety of services available for students to assist them throughout their learning. This information is available in the College calendar, at Student Services or the College web site at camosun.bc.ca.

|  | Suggested Problems in the Textbook |  |  |
| :--- | :--- | :--- | :--- |
| Section | 7 th Edition Problems | Section | 6th Edition Problems |
| 1.1 | $5,6,7,16,21,35,39$ | 1.1 | $3,4,10,19,21,25,37$ |
| 1.2 | $51,54,55,56,57,73,78,87$ | 1.2 | $48,50,51,52,53,61,63,65,79,91$ |
|  | $101,105,107,117,119,123,127,129$, |  | $\begin{array}{l}99,103,105,109,111,121,123,127, \\ 129,131,133,137,139\end{array}$ |
| 1.3 | $133,135,137,139,143,145$ |  |  |$)$
