

Philosophy 100
15 x 20 Seminar Assignment

Name: _____

Purpose: Pursuit of Wisdom : If it is true that wisdom consists, at least in part, in making connections, then wisdom requires both knowledge of states of affairs to be connected, and the intellectual ability to make the connections. Our study of current events is work on the former requirement.

Task: Produce a power point slide show with 15 slides, and 20 seconds to talk about each slide. This will result in a 5 min. presentation. If you need help setting this up, please let me know. The best way to bring in the presentation is on a thumb-drive. If you need to borrow one from me, please let me know.

Please select the day best suited to your schedule. We can have up to three per seminar. I will have the sign up sheet in my seminar notebook.

Date: _____

Each presentation must contain at least 5 sources: please check your sources. It is important to either be able to state the source during your presentation, or include the sources within the presentation, i.e. on the slides.

Each presentation must contain at least 8 stories. The stories do not need to be completely current – they don't have to be from the day of your presentation – but they do all need to be from sometime during this course. Please collect your stories on Readlists, at readlists.com/ and e-mail them to me at bannikof@camosun.bc.ca
