

School of Arts & Science
MATHEMATICS DEPARTMENT
MATH – PLA
For Interurban Quarter Courses
Q1, 2013

COURSE OUTLINE

1. Instructor Information

(a)	Instructor:	Patricia Wrean (Pat)		
(b)	Office Hours:	Posted on office door and website		
(c)	Location:	CBA 153		
(d)	Phone:	(250) 370-4542	Alternative Phone:	
(e)	Email:	wrean@camosun.bc.ca		
(f)	Website:	http://wrean.disted.camosun.bc.ca/		

2. Intended Learning Outcomes

The Intended Learning Outcomes for the PLA will be identical to the ILOs for the regular lecture section of the course that the student previously got a D or an F in. The course outline for that lecture section is appended to this course outline.

3. Required Materials

See the attached course outline for the regular lecture section.

4. Course Content

See the attached course outline for the regular lecture section.

5. Basis of Student Assessment (Weighting)

Grade Calculation:

The final grade will be based entirely (100%) on a 3-hour comprehensive exam. This exam will be similar in difficulty to the final exam used by the regular lecture-based course.

6. Grading System

Standard Grading System (GPA)

Percentage	Grade	Description	Grade Point Equivalency
90-100	A+		9
85-89	A		8
80-84	A-		7
77-79	B+		6
73-76	B		5
70-72	B-		4
65-69	C+		3
60-64	C		2
50-59	D	Minimum level of achievement for which credit is granted; a course with a "D" grade cannot be used as a prerequisite.	1
0-49	F	Minimum level has not been achieved.	0

Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at camosun.ca for information on conversion to final grades, and for additional information on student record and transcript notations.

Temporary Grade	Description
I	<i>Incomplete:</i> A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.
IP	<i>In progress:</i> A temporary grade assigned for courses that, due to design may require a further enrollment in the same course. No more than two IP grades will be assigned for the same course. (For these courses a final grade will be assigned to either the 3 rd course attempt or at the point of course completion.)
CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.

8. Recommended Materials or Services to Assist Students to Succeed Throughout the Course

LEARNING SUPPORT AND SERVICES FOR STUDENTS

There are a variety of services available for students to assist them throughout their learning. This information is available in the College calendar, at Student Services or the College web site at camosun.ca.

STUDENT CONDUCT POLICY

There is a Student Conduct Policy **which includes plagiarism**. It is the student's responsibility to become familiar with the content of this policy. The policy is available in each School Administration Office, at Student Services and on the College web site in the Policy Section.

Math Lab: Tech 142, phone: (250) 370-4492. This drop-in centre is freely available for your use to work on math homework and to seek help from the tutor on staff (see hours posted on door).

	School of Arts & Science MATHEMATICS DEPARTMENT MATH 185 X03 Technical Mathematics 1 2012 Quarter 1
---	--

COURSE OUTLINE

The course description is online @ <http://camosun.ca/learn/calendar/current/web/math.html>

*Please note: the College electronically stores this outline for five (5) years only.
It is **strongly recommended** you keep a copy of this outline with your academic records.
You will need this outline for any future application/s for transfer credit/s to other colleges/universities.*

1. Instructor Information

(a)	Instructor:	Susie Wieler		
(b)	Office Hours:	12:30-1:20pm Monday, Wednesday & Friday		
(c)	Location:	CBA 147		
(d)	Phone:		Alternative Phone:	
(e)	Email:	wieliers@camosun.bc.ca		
(f)	Website:	https://sites.google.com/site/susiewieler/		

Math Help is available in the Math Lab in TEC 142. Hours are posted on the door.

2. Intended Learning Outcomes

(No changes are to be made to these Intended Learning Outcomes as approved by the Education Council of Camosun College.)

Upon completion of this course the student will be able to:

1. Find the components of a vector. Calculate the dot product and cross product of two vectors in two and three dimensions. Use the dot and cross product in applications such as determining the angle between two vectors, finding the projection of one vector on another, and finding the equation of a plane given three points on the plane.
2. Determine the dimension of a matrix. Complete basic operations on matrices. Calculate the inverse of a matrix. Solve linear systems using augmented matrices and inverse matrices.
3. Take limits and derivatives of functions using the limit definition. Find the slope of the tangent line to a curve. Use derivatives to determine velocity, acceleration, and rates of change of one variable with respect to another.
4. Use the power rule, chain rule, product, quotient rule, and implicit differentiation to differentiate polynomial functions, trigonometric functions, logarithm functions and exponential functions.
5. Find tangents and normal to given functions. Solve problems involving related rates, curve sketching, and applied maximum and minimum problems. Find velocity and acceleration for parametrically defined curves.

3. Required Materials

Textbook: Allyn J. Washington, Basic Technical Mathematics with Calculus, SI Version, 9th Ed.

Vector course materials (available on the course website)

Scientific Calculator (Graphing Calculators are not permitted.)
The Sharp EL-531 is the recommended calculator.

4. Course Content and Schedule

23.1 Limits
23.2 Slope of the Tangent
23.3 The Derivative
23.5 Derivatives of Polynomials
Vectors: Dot Product, Projections and Cross Product (Materials on Website)

23.4 Instantaneous Rate of Change
23.9 Higher Derivatives
23.6 Derivatives of Products and Quotients
23.7 Derivatives of Powers of Functions & Chain Rule
23.8 Derivatives of Implicit Functions

24.1 Tangents and Normals
24.2 Newton's Method
24.3 Curvilinear Motion
24.4 Related Rates
24.5 Curve Sketching
24.6 More on Curve Sketching
24.7 Applied Max/Min Problems
24.8 Linear Approximations

27.1 Derivatives of Sine and Cosine Functions
27.2 Derivatives of the Other Trig Functions
27.3 Derivatives of the Inverse Trig Functions
27.4 Applications
27.5 Derivatives of Logarithmic Functions
27.6 Derivatives of Exponential Functions

16.1 Intro to Matrices
16.2 Matrix Multiplication
16.3 Matrix Inverses
16.4 Matrices and Linear Equations
16.5 Gauss-Jordan Elimination

5. Basis of Student Assessment (Weighting)

(a) Four Tests, total weight 50%

TEST DATES: Fri. October 19, Fri. November 2, Fri. November 16, Fri. November 30

(b) Final Exam, weight 50%

If a student misses a test, the final exam's weight will be increased to 62.5%. There is no provision for making up a missed test.

If the final exam grade is higher than the term grade AND the term grade is 50% or higher, then the final exam grade will count as 100% of the final grade.

The final exam will cover the entire course and will be 3 hours long. As stated in the current college calendar on page 34, "students are expected to write tests and final examinations at the scheduled time and place." Exceptions will only be considered due to **emergency** circumstances as outlined in the calendar. Holidays or scheduled flights are not considered to be emergencies.

6. Grading System

Standard Grading System (GPA)

Percentage	Grade	Description	Grade Point Equivalency
90-100	A+		9
85-89	A		8
80-84	A-		7
77-79	B+		6
73-76	B		5
70-72	B-		4
65-69	C+		3
60-64	C		2
50-59	D	Minimum level of achievement for which credit is granted; a course with a "D" grade cannot be used as a prerequisite.	1
0-49	F	Minimum level has not been achieved.	0

Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at camosun.ca for information on conversion to final grades, and for additional information on student record and transcript notations.

Temporary Grade	Description
I	<i>Incomplete:</i> A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.
IP	<i>In progress:</i> A temporary grade assigned for courses that, due to design may require a further enrollment in the same course. No more than two IP grades will be assigned for the same course. <i>(For these courses a final grade will be assigned to either the 3rd course attempt or at the point of course completion.)</i>
CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.

7. Recommended Materials or Services to Assist Students to Succeed Throughout the Course

LEARNING SUPPORT AND SERVICES FOR STUDENTS

There are a variety of services available for students to assist them throughout their learning. This information is available in the College calendar, at Student Services, or the College web site at camosun.ca.

STUDENT CONDUCT POLICY

There is a Student Conduct Policy **which includes plagiarism**. It is the student's responsibility to become familiar with the content of this policy. The policy is available in each School Administration Office, at Student Services, and the College web site in the Policy Section.
