

COURSE OUTLINE

The course description is online @ <http://camosun.ca/learn/calendar/current/web/psyc.html>

Ω Please note: the College electronically stores this outline for five (5) years only.
It is **strongly recommended** you keep a copy of this outline with your academic records.
You will need this outline for any future application/s for transfer credit/s to other colleges/universities.

1. Instructor Information

(a)	Instructor:	Denise M. Iacobucci, PhD
(b)	Office Hours:	Mondays 11:30-12:20pm, Tues. 12:30 to 1pm, Wednesdays 2:30 to 3pm, Thursdays 1:30-2:30pm
(c)	Location:	Office: F106E - drop by anytime ☺ Tuesday Lecture Room: Young 216 (10:30 to 12:20pm) Tues/Wed Lab Room: Tues. Ewing 100-Lab A (1 –2:20pm), Lab B (2:30- 3:50pm) & Wednesdays Lab C (1-2:20pm)
(d)	Phone:	250-370-3221 Alternative Phone: 250-208-9384
(e)	Email:	iacobuccid@camosun.bc.ca – always use this e-mail address My last name begins with an “i”
(f)	Website:	D2L – see directions below ☺

Course Description:

This course presents experimental methodologies used in psychology including how data is collected, organized, and interpreted in psychological research. Topics covered: psychobiology, sensation, perception, cognition, learning theory, memory, assessment, and experimental design. Topics will be discussed and demonstrated in lecture and laboratory activities.

Pre and Co-requisites:

Academic Math 10 or assessment & English 12 or assessment. Math 11 is highly recommended

2. Intended Learning Outcomes

(No changes are to be made to these Intended Learning Outcomes as approved by the Education Council of Camosun College.)

Upon completion of this course the student will be able to:

1. Describe the components and rationale for the experimental methodologies used to acquire psychological knowledge.
2. Describe the difficulties inherent in psychological research and conduct thoughtful critiques of select studies.
3. Design and conduct studies of psychological topics and present the outcomes in a clear, logical fashion.
4. Apply psychological concepts to the study of neuroscience, sensation, perception, learning, memory, intelligence, and language.

The outcomes will be measured by a combination of examinations, assignments, presentations, group work, and discussions.

3. Required Materials

(a) Texts

(a)	Texts	Gerrig, R. J., Zimbardo, P. G., Desmarais, S., & Ivanco, T. (2012). <i>Psychology and life</i> . (2 nd Ed.) Toronto: ON, Pearson Education Inc. Iacobucci, D. (2013). <i>Psych 110 LabWorkbook</i> . Victoria; BC, Camosun College.
(b)	Other	This course is supported by D2L. See notes about accessing D2L. As well students can expect to get handouts during lectures and labs to assist them with course assignments and tests.

D2L

To access the course website on D2L;

- 1) Open browser (i.e., Internet Explorer)
- 2) Type in: <http://online.camosun.ca/>
- 3) Next, (if this is your first time using D2L) enter your name followed by your last name and the day of your birth. For example denise.iacobucci22 for born on June 22nd.
- 4) Then enter your password which will be your date of birth in *mmddyy* format, (if this is your first time using D2L). For example 062274 for June 22nd, 1974.
- 5) Once into D2L you will be required to change your password and this will become your new password for subsequent logins.

4. Course Content and Schedule

1. There is one, 2-hour lectures each week.
2. There is one 1.5 hour lab per week.
(Your student class schedule informs you of your assigned lab section A, B, or C)
3. The last page of this course outline provides a detailed course schedule with assignment and test due dates.

Special Note: All lab assignments, tests, and activities must include your First and Last name and your lab section. **Example:** Denise Iacobucci, Psych 110, Lab B.

I believe participation and attendance is very important. If you must miss class, call me at 370-3221/250-208-9384 or e-mail me at iacobuccid@camosun.bc.ca. If I am not available please leave a message on my voice mail.

5. Basis of Student Assessment (Weighting)

Students' performance in Psychology 110 will be based upon their **performance on tests** (66%), **lab participation and assignments** (18%), **lab report** (12%) and **participation** (4%).

(a) Tests (66%)

- There are three tests in this course.
 - The first test (23%) will cover Chapters 1, 2, Statistical Supplement, and part of Chapter 3.
 - The second test (23%) will cover Chapters 4, 5, and part of Chapter 6.
 - The last test (20%) will cover Chapters 7, 8 and part of Chapter 9.
- All tests are based on information from lectures, lab activities, text study guide and assigned readings. **Tests will not be cumulative.** These tests will consist of multiple-choice and short answer questions. Test study guides will be provided by the instructor prior to each test.

(b) Lab Assignments (18%)

- **There is a written assignment for many labs.** You **must be in attendance** to participate in the lab. Lab make-ups are only allowed under certain conditions with the approval of the instructor **prior to the missed lab**. Most assignments are due at the beginning of the following week's lab.
- **Policy for arriving late for labs.** Labs involve group activities with specific instructions given at the start of each lab. Being late for lab on an on-going basis will result in points being deducted from the lab assignment for that week. **These points are not deducted under extreme cases.**

(c) Lab Research Report (12%)

- There is a **short lab research report** required in this course that is worked on during lab time. This report will involve designing an experiment based on previous research,

collecting data, analyzing data, and writing the results in an APA style research paper.
Details will be discussed in Lab and are included in your Lab Workbook.

(d) Lecture/Lab Participation Activities (4%)

- There will be lecture and lab activities assigned. You must be in attendance to participate in the activity. **There will be no make-up opportunities for lecture activities missed without a doctor's note.**
- **Participation in every lecture and lab is noted.**

FINAL Grades will be weighted as follows:

Lab assignments	18%
Final lab report	12%
Participation	4%
Test #1	23%
Test #2	23%
Test #3	20%
	100%

6. Grading System

(No changes are to be made to this section unless the Approved Course Description has been forwarded through the Education Council of Camosun College for approval.)

Standard Grading System (GPA)

Percentage	Grade	Description	Grade Point Equivalency
90-100	A+		9
85-89	A		8
80-84	A-		7
77-79	B+		6
73-76	B		5
70-72	B-		4
65-69	C+		3
60-64	C		2
50-59	D	Minimum level of achievement for which credit is granted; a course with a "D" grade cannot be used as a prerequisite.	1
0-49	F	Minimum level has not been achieved.	0

Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at camosun.ca for information on conversion to final grades, and for additional information on student record and transcript notations.

Temporary Grade	Description
I	<i>Incomplete:</i> A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.
IP	<i>In progress:</i> A temporary grade assigned for courses that, due to design may require a further enrollment in the same course. No more than two IP grades will be assigned for the same course. <i>(For these courses a final grade will be assigned to either the 3rd course attempt or at the point of course completion.)</i>
CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.

7. Recommended Materials or Services to Assist Students to Succeed Throughout the Course

LEARNING SUPPORT AND SERVICES FOR STUDENTS

--

There are a variety of services available for students to assist them throughout their learning. This information is available in the College calendar, at Student Services, or the College web site at camosun.ca.

STUDENT CONDUCT POLICY

There is a Student Conduct Policy **which includes plagiarism**. It is the student's responsibility to become familiar with the content of this policy. The policy is available in each School Administration Office, at Student Services, and the College web site in the Policy Section.

ADDITIONAL COMMENTS AS APPROPRIATE OR AS REQUIRED

I expect students to follow **certain standards of conduct:**

1. All students are expected to follow the College's Student Conduct Policy.
2. Assignments that are copied (identical or plagiarized) between students will be given 0% for ALL students with identical work. If you want to work cooperatively, inform me ahead of time.
3. **Tests must be written as scheduled. Make-up tests will be allowed with proper notice, circumstances and documentation. You must contact the instructor prior to the test, and provide documentation within 7 days of the missed test date to be eligible for the make-up test. Opportunities for make-up times and dates are provided to students by the instructor.**
4. Late work will only be accepted in extreme cases. Please schedule your time to meet all due dates.
5. Work must be used for this course only.
6. It is college policy that *"If an instructor remains convinced that there has been a violation [such as plagiarism or cheating], he or she may assign a grade of F for the work involved, or for the course..."*

Student Study Tips for Psychology 110 based on Chapter 8: Memory

Throughout this course student study information will be provided to students based on research on memory and learning research and instructor experience. Below are some study suggestions to help you with this course.

1. Read chapter summary at end of chapter before reading the chapter.
2. **Review your lecture notes and chapters, ACTIVELY three times within 24 hours after leaving class.**
3. Read assigned material before lecture.
4. Define the terms and concepts at the end of each chapter. Here you can use on-line glossary and flashcards for each chapter.
5. Use textbook companion website and do chapter quizzes to review material and to ensure you understand what you are reading in the textbook.
6. Compare and Contrast theories and concepts. For example how is behaviorism similar to and different from the humanistic approach to human behavior? Compare similarities and differences between concepts such as sensation and perception.
7. Be sure to make-up questions from the textbook/lecture notes using headings/subheadings.
8. Be able to describe and explain major concepts from each chapter. Major concepts can be identified through lecture objectives and the review summaries located at the end of each chapter.
9. Ask questions during lecture. If you have a question others most likely have a similar question too. If uncomfortable with asking in-class be sure to e-mail questions to the instructor or book an appointment with the instructor to review the material and/or questions you may have.

Psychology 110, Section 003 A , B, & C Tentative Timetable

Week	Lecture Topic	Readings	Lab Dates & Activities	Labs DUE
#1: Jan 7	Psychological Perspectives	Course Outline Quiz Chapter 1 & Statistical Supplement pp (42-46)	Jan 7 & 8 LAB Get to Know You Naturalistic Observation (2%)	
#2: Jan 14	Research Methods: Experimentation & Describing Data	Chapter 2 & pp.(42-46) Statistical Supplement	Jan. 14 & 15 LAB <u>Descriptive Statistics 2%</u>	2% Naturalistic
#3: Jan 21	Research Methods: Correlational Methods & Inferential Stats	Chapter 2 & pp.(46-49) Statistical Supplement	Jan. 21 & 22 LAB Correlational Research 2%	<u>2% Descriptive Lab</u>
#4: Jan 28	Genetics & Behaviour Exam #1 Review	Chp.3 Genetics	Jan. 27 & 29 LAB <u>Inferential Statistics 2%</u>	2% Correlation Lab
#5: Feb. 4	Test #1 23% Chapter 1, 2, 3 & Statistical Supplement		Feb. 4 & 5 LAB Project Intro & Overview 1) Read Scientific Article 5% (homework due in 2 weeks) 2) Picture of Neuron/Brain for Next LAB (1%)	<u>2% Inferential Lab</u>
#6: Feb 11	Nervous System & Brain Lecture	Chapter 4	Feb. 11 & 12th LAB Go Over Chapter 4 BRAIN 1) Bring Picture of Neuron, Synapse, & Brain 2) Brain Fluency & Project Intro 3) Draw & label picture of eye and ear for next week – 1%	1% Neuron & Brain Drawing
#7: Feb 18	Brain Lecture Sensation & Perception	Chapter 4 & Chapter 5	Feb. 18 & 19 LAB 1) Brain Jeopardy (Team Play) 2) Brain Scenarios 2% 3) Project Approvals – 1%	5% Article Review <u>1% picture of eye and ear labeled</u>
#8: Feb 25	Sensation & Perception	Chapter 5	Feb 25th & 26th LAB 1) Practice Data Collection 2) Write-out collection script 3) Title Page of Report Work	2% Brain Scenarios 1% Project Approvals & Informed Consents
#9: March 4	Consciousness, Sleep & Dreams	Chapter 6	March 4th & 5th LAB 1) Data collection Role Plays	
#10 March 11	Test #2 23% Chapter 4,5, & 6		March 11th & 12th LAB 1) Data collection due 2) Results & Methods of Lab Report	
#11: March 18	Learning	Chapter 7	March 18th & 19th LAB 1) Introduction, Discussion 2) Shaping Activity	
#12: March 25	Learning & Memory	Chapter 7 & 8	March 25th & 26th LAB 1) Discussion & Abstract	
#13: April 1	Memory & Problem-Solving	Chapter 8 & part of 9	April 1st & 2nd LAB 1) Discussion	<u>Lab Report Due 12% April 4th</u>
#14: April 7	Test #3 20% Chapters 7,8, part of 9		April 8th, 9th NO LAB	
Final Exam Period	<u>NO FINAL EXAM in this COURSE</u> ****<u>Note this timetable is tentative</u> and any changes will be discussed in class.
