Temporary Grades

Temporary grades are assigned for specific circumstances and will convert to a final grade according to the grading scheme being used in the course. See Grading Policy E-1.5 at camosun.ca for information on conversion to final grades, and for additional information on student record and transcript notations.

Temporary Grade	Description
I	<i>Incomplete:</i> A temporary grade assigned when the requirements of a course have not yet been completed due to hardship or extenuating circumstances, such as illness or death in the family.
IP	<i>In progress:</i> A temporary grade assigned for courses that, due to design may require a further enrollment in the same course. No more than two IP grades will be assigned for the same course. (For these courses a final grade will be assigned to either the 3 rd course attempt or at the point of course completion.)
CW	<i>Compulsory Withdrawal:</i> A temporary grade assigned by a Dean when an instructor, after documenting the prescriptive strategies applied and consulting with peers, deems that a student is unsafe to self or others and must be removed from the lab, practicum, worksite, or field placement.

7. Recommended Materials or Services to Assist Students to Succeed Throughout the Course

LEARNING SUPPORT AND SERVICES FOR STUDENTS

There are a variety of services available for students to assist them throughout their learning. This information is available in the College calendar, at Student Services, or the College web site at camosun.ca.

STUDENT CONDUCT POLICY

There is a Student Conduct Policy **which includes plagiarism**. It is the student's responsibility to become familiar with the content of this policy. The policy is available in each School Administration Office, at Student Services, and the College web site in the Policy Section.

ADDITIONAL COMMENTS AS APPROPRIATE OR AS REQUIRED

THE GRADING OF ASSIGNMENTS

Homework assignments are graded as complete/incomplete using a competency based grading system.

Homework submitted that meets the minimum expectation earns 100%; homework submitted that does not meet the minimum level of competency earns 50%. Homework submitted that is clearly well below the expectations of the assignment earns zero with no chance for a resubmission.

You can resubmit an incomplete assignment. It must be submitted (use the drop box where the original entry was submitted) within **2 weeks** of receiving feedback. If the resubmission remains incomplete the grade of 50% remains; if the resubmission brings your response to the minimum level of competency expected then your grade becomes 100%.

There is only 1 opportunity for resubmission of any competency based assignment.

CONDITIONS: The Contract

Empathy is an indispensable tool when working effectively with clients within the CJ field. You will have the opportunity to enhance or develop your empathy through a classroom simulation. You are aware that folks on probation and parole have "orders" to follow and the failures to follow these orders have potentially serious consequences. How difficult is it to meet these conditions? To help you appreciate this challenge we place on our clients, you will have two conditions to follow:

Condition #1: Attendance orders have the condition that a person must attend a set number of sessions to complete the program. In this course, your attendance is necessary so that you can fully participate and offer your "self" to your class mates. The consequence of missing a class is huge - one percent (1%) of the overall course grade will be forfeited for each absence. However, a medical note may be taken into consideration if you notify me via email or phone message **before class** (extenuating circumstances excluded). Late arrivals and early exits also interfere with your ability to participate and you will lose marks accordingly. Two missed classes and two late arrivals are excused. If you are missing class, any preparation for class assignments must still be submitted via the online drop box in advance of the class start time.

Condition #2: When you enter the classroom you **WILL** turn off your cell phone or texting device and place it in your pocket or bag. You **WILL** be able to access it only if you have stored an assignment on it that you need to access during class. If you have a computer for taking notes, you may use it only for that purpose during the class time and you **CANNOT** open any program other than the word processing software you use to take notes. The consequence of being "caught" is a warning (first instance) and loss of 1% of your overall course grade (second and subsequent instances).
